(1) Shortcut Menu

(2) Image Display

After this, Quick Menu opens automatically

When you click the (CREATIVE PARK PREMIUM) icon on the shortcut menu, My Image Garden opens. You can then download artworks of famous artists and print them for various uses.

*CREATIVE PARK PREMIUM is a premium content service available exclusively to customers who use genuine Canon ink for all colors. To use this service, you must have My Image Garden installed on your computer.

When My Image Garden is installed, Image Display also opens.

Image Display displays a slide show of artwork images that were created automatically by the recommended artwork functions of My Image Garden, as well as other images saved on your computer.

# Oodles of noodles

A list of standout restaurants serving wide, flowing, slurpy homemade fettuccini. But not all have a creamed sauce.

Sichuan

Beyond Hunan, take your fettuccini to China for homemade noodles infused at the restaurant's table, served at the moment slurpy. Where you finish your cold soba fettuccini, a server appears with a bowl of extra-rich chicken broth to cook your vegetables and the noodles. The bowl is to-and-fro as your leftover dipping sauce for a simple post-noodle meal.

Jinnan Index, 28-76 Valley E. Westmont Ave., Monterey Park, (323) 980-8848.

Spaghetti

They don't make their own pasta at the Japanese diner, but the noodle pulls — a type of short, thin spaghetti, topped with grated daikon radish, chopped scallion, a slanted shoulder and pungent boonito shiri flak, or seaweed water run-shoes Ako Kitchen — hold long the best. We especially like that you can get your pasta to go at midnight. Sukeno Ramen Ichi Hanki.

Ramen Ichi, 888 S. 1st St., Los Angeles, (213) 680-3938

Pancake

The best news about this pasta, now that you'll there's often a wait. The good news? It's worth the wait. Dishes, served hot or cold, are made almost daily. Some of a delight of al dente texture spread with a blend of Neapolitan-style tomato vegetables. Order a pan to enjoy all of one of several with a bowl of Neapolitan-style tomato vegetables. Order a pan to enjoy all of one of the combinations, pairings paired with apple-cider, a nice beer mixed with a savory fettuccini. Wine and egg omitted.

Mozza, 641 S. Fairfax Ave., Los Angeles, (323) 938-1447

Udon

This attractive, fast-dining room on the third floor of the Grammy Gardens center, at an intersection of all the streets in the town. They make their pasta from scratch. Order it cold with a dipping sauce of sesame, such as ginger and soy, and a bowl of tempura. Or the hot pasta, beef udon with a side of mixed tempura.

Tsuru, 312 1/2 W. Garvey Ave., Monterey Park, (626) 281-7782.

Noodles

The best pure-and-noodle fettuccini and the side in an, or actually big appetizer, on this pasta and bright neighborhood spot just south of the Beverly Center that your order, with a side of curry-mustard rice or maybe with a bit of an a cocktail, tangy glass.

Mozza, 641 S. Fairfax Ave., Los Angeles, (323) 938-1447

Dear 1st Grade Parents,

1st Grade is performing this month!

When January 24th, 2013 at 6:30pm

What "A Little Night Music"-songs, stories and rhymes about nighttime!

What to wear Pajamas and their regular shoes

Where Students need to be in their classrooms by 6:15

First grade is the "half-time show" They perform while the judges are adding up their scores for the Talent Show

If your child is also in the Talent Show, they can join us after that portion of the program is complete (no need to change, they are fine in their Talent Show costume)

Thank you so much for your support! See you then!

# DMV Registration Hold Request for Review Form

**INSTRUCTIONS:** If there was a hold placed on your DMV vehicle registration and you request reconsideration, you must submit all of your records for considering this request (see specific items for each hold type listed below). Failure to provide requested documentation may result in denial of your request to release the hold. Please note: DMV registration holds are placed by other agencies and only those agencies can release the hold. Within 15 business days of receipt of all requested documentation, the SFMTA will review your request and notify you of the decision. If your request is approved, the SFMTA will notify the DMV to release the hold. If your request is denied, you will receive a letter explaining the reason for denial.

**IMPORTANT:** Your vehicle will be subject to immediate impound if it is found to have outstanding DMV registration holds and/or outstanding parking citations. Please be aware that payment of citations and/or DMV holds may not clear immediately. Please allow at least 24 hours for payments to clear before attempting to retrieve your vehicle from impound.

## Telephone Training

### Voicemail

- You can access your voicemail by dialing 4338 or pressing the Message button when the red light is flashing. If you are out of the office, you can access your voicemail by dialing 212-338-4338
- Temporary passcode is 1111. When you dial in, you will be prompted to change your password and record your name and outgoing message. Please refer to the sheet provided in your welcome packet or on the intranet for the text of the message
- Should you need to change your message or set up a temporary voicemail when you are out of the office, dial into voicemail and press 0 for user options and follow the prompts to select the action you wish to take
- Always record a temporary greeting when you will be out of the office, making sure to include the date you expect to be back.

### Telephone Tools

- To put a caller on hold, press the red hold button. To take the call off hold either press the red button again or press the flashing line signifying the call on hold
- To transfer a call, press trans/conf or the button with a person and an arrow on it, then dial the extension. At this point you can either hang up and the call will be transferred or you can wait on the line for the other person to pick up to speak to them. The caller you are transferring will not be able to hear you. Then just hang up the phone while the other person stays on the line and the call will be transferred.
- To dial out, press 9 then 1 and the number including area code. Everyone within the company has a 4 digit extension
- The blue superkey button can modify your preferences, including volume, tone, language etc. It also includes tools as you wish to use them such as call forwarding or advisory messages for those in the office. Most people do not use them, but they are available

### Unified Communicator

- Click on Start, then all programs and open Unified Communicator Advanced.
- This is a desktop tool that can be used to check missed calls and outgoing or incoming numbers.
- It contains a number pad should you wish to dial that way
- Must be open on the desktop if you wish to have it running.

Dear Friend

Few things move me more deeply than our dining room at Thanksgiving.

The aroma of turkey and dressing, calming anxious souls. Our staff and volunteers, busy serving plates of food and sharing warm greetings—making all our guests feel welcome. And our guests themselves—residents of our Recovery and Re-Entry programs, working poor parents struggling to provide necessities for their children, the homeless from the streets—truly relishing this time of fellowship.

**Because much of our food is donated or purchased in bulk quantities at reasonable costs, we can serve a traditional dinner with all the trimmings for just $1.99 per plate. Today I invite you to join The Foundry Rescue Mission and Recovery Center's supporters in helping us provide this important meal — *and so much more***

*For the men and women in our Recovery Program*, "so much more" means safe shelter from unsuitable living conditions. The opportunity to open their hearts to the Lord. And critical guidance as they begin repairing their lives and overcoming their addictions forever.

*For the men in our Re-Entry Program newly released from prison*, "so much more" means the chance to gain the skills and support they need to succeed in finishing their education, finding a job and starting a new life.

*For impoverished families who seek help at our Community Outreach Center*, "so much more" means nourishing food and clothing to meet their most basic needs.

*And for Michael*, "so much more" means the chance to reverse the downward spiral of his life that led to alcoholism and homelessness.

Many people dream of running away and joining the carnival, traveling the country having fun. But for 58-year-old Michael, even working in this frolicking atmosphere didn't quiet the pain of depression in his heart. "I was depressed, and I tried to cover it up with booze instead of God," he recounts.

That's when Michael's problems began in earnest. His dependence on alcohol cost him his job, his home and his health. He lived under bridges and in abandoned buildings.

**Before long, Michael was sick. Very sick. So sick, he went under medical quarantine for six months. Upon his release, he says, "I looked up and saw The Foundry van drive by, and God led me here."**

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 888 877 1655 (your fax will never ring - maybe) or 1 503 208 1308 (long if stationed in Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax sling e-page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to strip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

# IMPULSE SUPPRESSOR INSTALLATION

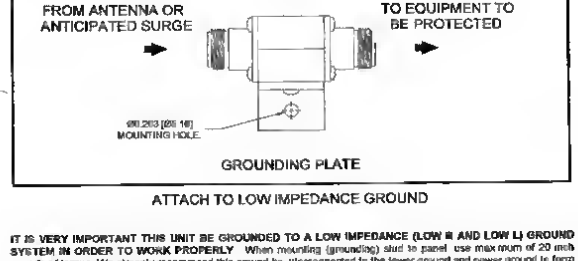
PLEASE READ **DANGER** SHEET BEFORE INSTALLING

## IS-50 SERIES

The IS-50 Series is labeled indicating the frequency and power handling ability. The unit is marked indicating the location of the "ANTENNA" and "EQUIPMENT" ports. A backward installation will not protect your equipment. There is no dc continuity from center pin to center pin on this unit. The operating bandwidth and power handling capabilities are labeled for each unit. Be sure the unit meets your application. A conductive joint compound is recommended at the flange/ground junction to maximize weather related corrosion/loss and improve conductivity. Copper Cleaning Kits (CCK) with conductive joint compound are available from PolyPhaser.

For outside installations, This unit is not weatherproof and must be sealed against moisture. Customer must either order a "diver tested" model or apply PolyPhaser's Weather Proofing Kit (WK-1) to seal the unit and cable connections.

**CAUTION** WHEN INSERTING MALE UHF CONNECTOR CENTER PIN INTO CONNECTOR, DO NOT ALLOW ANY ROTATION



ATTACH TO LOW IMPEDANCE GROUND

**IT IS VERY IMPORTANT THIS UNIT BE GROUNDED TO A LOW IMPEDANCE (LOW R AND LOW L) GROUND SYSTEM IN ORDER TO WORK PROPERLY.** When mounting (grounding) stud to panel use max num of 20 inch pounds of torque. We strongly recommend this ground be interconnected to the tower ground and power ground to form one system. To minimize the "in-air" interconnect inductance to the ground system since skin effect is present use as straight and as large a surface area strap as possible. Keep bends to 8" radius or larger.

The transmission line is only one means of having damaging impulse energy enter your equipment. We strongly recommend that power line protectors and telephone line protectors be used on the equipment.

to figure out the people in the house and this seemed to upset him. He would come to a conclusion about some one then they would do something different and he would have to reevaluate how he felt about them. I asked him for a example and he declined to give me one. The house as a whole is very concerned with Victors sporadic behavior and what he talks about. He gets agitated and upset very easy when a person doesn't understand him or disagrees with him. He also shows and speaks negative about his counseling and the program he is in. This negativity and overall negativity and what he talks about is bad for the house as a whole and would be really bad for new members.

## Guidelines When Booking a Load

- Loads must be above $2.00 a mile. The only exception for anything less than that is if a driver is close to home or needs to get home. Better he gets paid instead of waiting. This should only be used during desperate situations and SHOULD NOT be used during the beginning of the week

- Same Day Deliveries for loads less than 400 miles. If it is past the time to book another same day load/ delivery, the load must have a drop off no later than 7a m

- How much does the load weigh? Most loads weigh over 40 000lbs but those are usually estimated amounts. Remember, the heavier the weight, the more fuel in fuel

- Our drivers only carry Dry Vans 53.' Our Trailers are not refrigerated. You may look for Van/ Reefer but MUST ask if the loads are temperature controlled

# Test Print

This printer is now ready for printing.

After this, Quick Menu opens automatically.
Quick Menu is a shortcut menu that lets you access functions you want to use with one click. You can access CREATIVE PARK PREMIUM, the Online Manual, etc.

* The screen display varies depending on your printer.

## CREATIVE PARK PREMIUM

You can download popular characters or artwork of famous artists and print them.
**CREATIVE PARK PREMIUM is a premium content service available exclusively to customers who use genuine Canon ink for all colors.**

## Online Manual

The Online Manual is an instruction manual on the website. It contains the latest information needed for operations such as printing. You can also use it for troubleshooting when problems arise.

* An Internet connection is necessary.

## We Recommend Using Canon Genuine Inks

Canon genuine consumables (inks / printing paper) **are developed** especially for Canon inkjet printers. We recommend using Canon genuine consumables to maintain printer performance and ensure consistency.

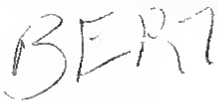
Vonage Test Fax

March 23rd 2013 By David Lory VanDerBeek 32 Comments The sixth issue on my platform now states Replace and Phase Out All Taxation Nevada will operate under the fiduciary trust management principle Taxes are simply one revenue source for government. Governments have investment and enterprise income that now surpasses their tax revenues. Governments therefore are fully capable of being self-sustaining without taxation. Mining, gaming, and all businesses will no longer face the constant harassment by legislators to pick their pockets. Comprehensive Annual Financial Reports (CAFR) are our local governments statements of net worth built up over decades. Governments use CAFRs to list their assets as "advanced liability funds" to dupe the public into believing those investments should be maintained for a good purpose but which actually serve as power-based holding funds for the government. In turn, the governments then claim that they are always operating at budget "shortfalls" in their operating funds so they claim they must raise your taxes. This is a convenient conspiracy of silence. As Governor I will assist governments at liberating the potential of this wealth This plan eliminates the predatory relationship between the government against the people and business, because everyone is happy making money. In fact, the permit and business will actually cheer with government. Truthfully, as Jesus said when asked a tax question, "The children are free " Walter Burien makes the counter argument on his websites 1 What is Taxation? ANSWER. A revenue source 2. What is Investment Return? ANSWER. A revenue Source. 3 What do Enterprise operations do? ANSWER. Generate a revenue Source The Big question of ending all taxation? ANSWER. Use #2 & #3 to knock out #1



# Troubleshooting Print Quality

Your WorkCentre 7800 Series Multifunction Printer is designed to produce consistently high-quality color prints. If you observe print-quality problems, use the information on these pages to troubleshoot the problems. For detailed online support information, go to www.xerox.com/office/WC7800Xsupport.

CAUTION The Xerox® warranty Service Agreement, or Total Satisfaction Guarantee does not cover damage caused by using unsupported paper, transparencies, or other specialty media. The Total Satisfaction Guarantee is available in the United States and Canada. Coverage can vary outside these areas. Please contact your local representative for details.

## Paper Type

CAUTION. If you change the type of paper in the tray, change the paper type at the control panel to match the paper that you loaded. If you fail to change the paper type, it can cause print-quality problems and can damage the fuser.

For best results, use only recommended Xerox® paper. They are guaranteed to produce excellent results on your WorkCentre 7800 Series Multifunction Printer. To order Xerox® paper and media, go to www.xerox.com/office/WC7800Xsupplies.

For a complete list of recommended paper for your printer, go to:

- North America: www.xerox.com/rmlna
- Europe: www.xerox.com/rmleu

## Solving Print Quality Problems

Use the following tables to find specific solutions to print-quality problems.

Note: The images displayed represent long-edge feed prints. If you print short-edge feed, the print-quality defects are rotated 90 degrees. The images displayed are for reference only. Not all pages represented are printed.

# INTEGRITY PROTECTIVE SERVICES, Inc.

Dear Residents of the Community

We would like to introduce our company, Integrity Protective Services. The management of your living community has hired our organization to provide patrol services within the community.

We started patrolling the community as of March 1, 2009. Many of you have already come up to our officers and welcomed us to the community, for this we thank you. For those of you we have not yet had the pleasure of meeting, we look forward to seeing you in the near future both while we are on patrol and during future safety meetings.

**Please allow us to address some common questions you might have about our services.**

**Question:** When is the courtesy patrol service on duty?

**Answer:** Our hours of operation are regularly changed to fit the needs of the community, at the request of management and most importantly, to prevent the criminal element from developing a pattern/schedule of operation.

**Question:** Should I call the courtesy patrol instead of the police?

**Answer:** No. If an emergency situation arises such as a fire, medical situation, domestic violence, suspicious circumstances or any other crime in progress, pick up the phone and dial 911. If the emergency dispatcher allows you to get off the phone and if you are able to call the courtesy patrol officers, do so. We were hired to protect life and property as well as enforce certain federal, state and local laws. However, the first call should always be to 911. We are not here to replace police and emergency services.

**Question:** What should I do if I see suspicious activity within our community?

**Answer:** If you see someone within our community acting in a suspicious manner, **call 911**. Give the dispatcher the best description of the person's, what is happening, and their location. When the dispatcher lets you off the phone, call us immediately. If we are on duty, we will respond and take the necessary action to address the situation.

**Question: Why would courtesy patrol officers make an arrest with a family member, a guest or me?**

**Answer: If officers do not recognize someone to be a resident OR someone who frequently visits a known resident, we are fully within our rights as agents of the community to make contact with them to determine if they have a legitimate and legal reason to be on our property. The best way to avoid any misunderstandings is to have patience with one another.** Due to the size of the living community, it will take time for our officers and staff to meet and get to know everyone. *Another step we strongly encourage you to take, would be to inform your family and guest that there is a new courtesy patrol service in place and to have patience if confronted.*

**Integrity Protective Services is a pro-active community patrol company.** We and do everything we can to protect the community from undesirables and criminal activity that would take away from the positive and safe living environment your management and staff are working so hard maintain.

**THE NUMBER TO CONTACT THE ON-DUTY OFFICER IS 1-888-8-USA-IPS**

**1-888-887-2477**

**RESIDENTS MAY ALSO SEND EMAILS TO.**

**ipsunlimited@yahoo.com**

(ALL EMAILS ARE KEPT CONFIDENTIAL)

**From all of us at Integrity Protective Services, thank you!**

**We look forward to working with you**

## Sending email with Rackspace and Drupal

Drupal requires a module in order to send email from websites hosted by Rackspace. We have had success with the *SMTP Authentication Support* Module which you can download from the following website

http://drupal.org/project/smtp

Once you have installed the *SMTP Authentication Support* module, you will see a new option under your System settings in Configuration called 'SMTP Authentication Support'

Select the 'SMTP Authentication Support' menu item to open up the 'SMTP Module' page

The 'SMTP Module' page is split into multiple parts. In the top section you will need to check the 'On' button in order to enable SMTP support for your website. After you have enabled SMTP support, you will enter the SMTP server information. The server information for the two most common SMTP servers currently being used by Greek Archdiocese websites are

| 'Mail Server' | | 'Google Server' | |

If your email address is hosted by the Department of Internet Ministries' Mail system, you will use the 'Mail server information'. If your email is hosted by Google Gmail, you will use the Google server information.

Once you have added all of your information to the 'SMTP Module' page, make sure to click 'Save Configuration'. Once you have saved this page, you can send a test email using the 'Send Test Email' option at the very bottom of the page.

# America's Understanding of Emancipation Proclamation On Its 150th Anniversary Too Simple For Country's Own Good

Posted: 01/01/2013 4:00 am EST | Updated: 01/01/2013 4:28 am EST

Abraham Lincoln, the tall president with the stovepipe hat, the full beard and the grief-stricken eyes, slipped away from the White House's annual New Year's celebration with a few members of his wife's entourage. Lincoln preached his sermon then his hands.

After a few minutes, he took out a pen, signed the Emancipation Proclamation and ushered in the beginning of the end of two and a half centuries of American chattel slavery, some of its attendant violence and human degradation. Exactly 150 years ago today, the Emancipation Proclamation – a monumental document written on both sides of an ordinary sheet of White House paper – declared slaves living in most of the South "forever free."

For many American adults, it's also the moment when universal, legal freedom became a reality for an estimated 4 million black slaves. But scholars who have studied the document, Lincoln and Civil War history say the limited understanding of how slaves became free citizens led to a national habit of thinking about complex issues like race and equality simply, like finite challenges already wrestled with and resolved.

"Of all the country's foundational and key documents the Emancipation Proclamation may well be the most misunderstood," said Eric Foner, a Columbia University historian and a leading Reconstruction, race and Lincoln scholars.

"On the one hand, there are a healthy share of Americans who believe that Lincoln freed all the slaves with a stroke of his pen," said Foner, who this year published "The Fiery Trial: Abraham Lincoln and American Slavery."

"On the other, there is this cynical modern take that says Lincoln wasn't enthralled to emancipation, that he took action for purely political reasons, for military reasons and the notion that not many slaves were actually freed. None of that is exactly true."

Lincoln was not the knee jerk ironic behind emancipation but rather an essential part of a coalition of outspoken abolitionists that included free blacks and whites, said Louis G. Fuerst, II, director of the Smithsonian's National Museum of African American History and Culture and one of the curators of the Smithsonian's 20th Emancipation Proclamation anniversary exhibit.

Lincoln also was responding to the unique pressure slaves brought to bear said Burton.

From the very start of the war in South Carolina, slaves began running away more frequently and willingly, living in a state of legal limbo. What slaves with four slaves in Virginia given refuge in a Union-controlled fort, became hundreds and later thousands of slaves by areas just north of the Mason-Dixon line. In order to evade slave catchers bounty-hunter like figures paid to find and return fugitive slaves to their masters, encampments for fugitive slaves soon lied on so-called contraband camps near Union Army encampments at outposts, said Burnham. One such camp grew in what is now Arlington Cemetery just outside Washington, D.C.

Some runaways also began to work for wages. They dug trenches and latrines, managed laundry and other tasks related to war. Later when the Union Army began accepting black soldiers, some negotiated with commanding officers to bring their families along.

That drive towards self-liberation was first documented some 30 years ago, said Burton, but most people have no knowledge of how slaves helped bring down the institution.

"I don't say this to take anything away from Lincoln, said Burton, author of the 2011 book Call the Last Dream Back. Essays on History, Race and Neuhaven. "Ultimately the Emancipation Proclamation, the 13th Amendment, none of it would have happened without

## WHAT THE BIBLE SAYS

"God . . . will wipe all tears from their eyes, and there will be no more death, suffering, crying, or pain." —Revelation 21:3, 4, [illegible]

## WHAT THAT CAN MEAN FOR YOU

- Assurance that God does not cause our problems.—[illegible]
- Comfort from knowing that God cares for us when we suffer.—Zechariah 2:8.
- Hope that suffering will end. —Psalm 37:9-11.

## CAN WE REALLY BELIEVE WHAT THE BIBLE SAYS?

Yes, for at least two reasons:

- *God hates suffering and injustice.* [illegible] when his people in Bible times were cruelly mistreated. The Bible says that he was distressed because of those who were oppressing them. —Judges 2:18, *New World Translation.*

  God has strong feelings about those who harm others. For example, the Bible says that [illegible] hands that shed innocent blood" are detestable to him. —Proverbs 6:16, 17.

- *God cares for us as individuals.* [illegible] our own pain and [illegible] —2 Chronicles 6:29, 30.

  Through his Kingdom, [illegible] and the [illegible] Until then, he comforts those who sincerely look for him. —Acts 17:27; 2 Corinthians 1:3, 4.

# WORKSTATION SETUP GUIDE

This workstation setup guide has been developed to introduce you to your new chair and guide you through how to setup your chair and workstation for comfort and optimal ergonomics

**Introducing your new chair**

Your new chair is the Humanscale Liberty Mesh chair and has been carefully selected to provide a comfortable and ergonomically sound seated posture

**Adjusting your chair correctly..**

Your chair is very easy to adjust with just two manual adjustments required to set yourself up correctly:

1. **Seat depth** – adjusted with a lever underneath the front of the seat – adjust shorter or deeper to suit allowing approx mately 3 finger widths from the edge of the seat to the back of your knee
2. **Seat height** – raise or lower your seat so that you have at least a 90 degree angle at your elbow (with your arms resting on the desk) Tip Your elbows should fall comfortably below your shoulders and be slightly higher than your wrists

**Automatic Adjustments**

Your chair has a self-adjusting recline which counterbalances automatically providing the right amount of support through the full range of recline motion, regardless of user size and weight

This chair allows the usar to maintain a more dynamic seated posture which reduces the negative effective of static muscle loading on the body usually experienced with more rigid chair designs

Evaluator's Name | Course Title or Student's Position | Semester/Dates

**To the Student**

Under the provisions of the federal law, students have the right to examine their committee packet, including evaluations requested by them for inclusion in their files. This law also protects your right to privacy regarding your educational record. This office subscribes fully to the law and its provisions.

At the same time, we advise you that faculty and other evaluators are likely to be more careful if they know that the letters will be kept strictly confidential and not viewed by the student. Letters are most useful when they discuss your educational accomplishments. Professionals should prefer that all such evaluations are thorough and confidential. It may thus be to your advantage to sign a release which waives your rights.

I relinquish my right of access to this evaluation, and I give my evaluator permission to include details about my educational records.

Applicant's Signature | Date

**Note: Letters on file in the HPO may not be used in applying for employment** since they were written as academic evaluations for prospective health professions admission. They may be released to health-related graduate programs and scholarship committees only.

Packets are completed and communicated for each student according to the procedures set forth by the HPO. With the sole exception of MAP/PHP programs, we do not customize packets per school. The letters which comprise each packet are selected by the faculty/staff of the HPO. Without exception, letters are mailed by the HPO staff; letters are never given to students. If you will be applying to a school which requires treatment of letters other than that stated above, you may wish to have your letters handled elsewhere.

## 1.2 How to write a document

### 1.2.1 The main document

Choose the name of the document, say `document`. Copy `template.tex` to `document.tex` then edit it: change the title, the authors and set proper include(s) for all the chapters

### 1.2.2 Chapters

Each chapter should be included in the main document as a separate file. You can choose any name for the file, but we suggest adding a suffix to the name of the main file. For our example we use the file name `document_chapter1.tex`

First copy `template_chapter.tex` to `document_chapter1.tex` and add the line

```
\include{document_chapter1}
```

in the `document.tex` then edit `document_chapter1.tex`: change the chapter title and edit the body of the chapter appropriately

### 1.2.3 Spell-checking

*Do* use a spell-checker, please!

You may also want to check grammar, style and so on. Actually you should do it (if you have enough spare time). But you *must* check spelling!

You can use the `ispell` package for this, from within `emacs`, or from the command line:

```
ispell -t document_chapter1.tex
```

# World's Easiest Pie Crust - Vegan

By B.B Cimm on June 07 2006

1 Review

Prep Time: 20 mins Total Time: 20 mins Serves: 8, Yields: 1 pie crust

Pic is by Chef C.B

## About This Recipe

Very yummy quick and easy :^

## Ingredients

- 1 1/2 cups flour (can be white or whole wheat or combination of both)
- 1/2 teaspoon salt
- 2 tablespoons sugar (vegan if desired)
- 1/2 cup oil
- 2 tablespoons orange juice (or vegan soymilk)

## Directions

1. In a large bowl place all of the dry ingredients
2. Add Orange Juice and Oil, mix with a fork
3. Roll into ball or roll-out! Fingertips if pre baked crust is desired bake at 400 for 10 -12 minutes
4. Note: Vegan sugar would be used for the best look, if I bake yummy with cane sugar or table sugar also!

Random Stuff Sent From Your Fax Machine
Fax something interesting and free to 1-866-330-1239 or 1-213-284-2943

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-866-330-1239 (your toes will save twice... maybe) or 1-213-284-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that the will actually work.

*Privacy Policy:* We hate spam and junk faxes, and will absolutely not send you any unsolicited e mail or faxes. We won't share your information with marketers or anyone else.

**Prayer to St Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord: so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has seldom been known***

***to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

**Make this prayer known everywhere**

hello

Lamael

Your new CONCORD ceiling fan is now ready for use. Reset your circuit breaker and restore power to the current. See the Operation Instructions below to review the function of each control on your fan.

## Operation Instructions

The pull chain located on the switch housing *(see figure 16)* controls the speed of your fan. When the fan is OFF, pull the chain once for HIGH speed, twice for MEDIUM speed, three times for LOW speed and fourth time to turn it off again.

The slide switch located on the switch housing *(see figure 16)* controls the direction of blade rotation. The UP position sets the blades in REVERSE rotation (air moves UP). The DOWN position sets the blades in FORWARD rotation (air moves DOWN).

## Maintenance

Your fan requires very little maintenance. Cleaning of the housing should be done with a damp soft cloth (NO CLEANING AGENTS). On the blades, use a duster or dry cloth because any moisture could cause the blades to warp.

God knows who you are, He loves you, and He wants you to know and love Him

How do you do that?

You must first admit that, like everyone else, you are a sinner. Being sinners means that we are imperfect and do wrong...we fall short of God's perfect standard. It also means we are separated from Him and deserve His judgment.

But He loves us! God sent His own Son, Jesus Christ, to die for our sins. He died for your sins. He was punished so you don't have to be. Not only that, death did not defeat Him. After three days, Jesus rose from the dead, alive again!

Trusting in Jesus' sacrifice for you is the only way to find forgiveness from God and to begin a relationship with Him. We urge you to take this step of faith today. To do that, simply talk to God – this is called praying – and tell Him you believe in His Son. We suggest a prayer like this

"Lord Jesus Christ,

I am sorry for the things I have done wrong in my life. I ask your forgiveness and now turn from everything which I know is wrong. Thank you for dying on the cross for me to set me free from my sins. Please come into my life and fill me with your Holy Spirit and be with me forever.

Thank you Lord Jesus, Amen."

If you prayed this prayer or have questions, please let us know using the buttons below

## The North Wind and the Sun

The North Wind and the Sun were disputing which was the stronger, when a traveller came along wrapped in a warm cloak. They agreed that the one who first succeeded in making the traveller take his cloak off should be considered stronger than the other. Then the North Wind blew as hard as he could, but the more he blew the more closely did the traveller fold his cloak around him, and at last the North Wind gave up the attempt. Then the Sun shone out warmly, and immediately the traveller took off his cloak. And so the North Wind was obliged to confess that the Sun was the stronger of the two.

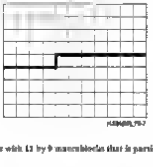

Figure 6-7 – A picture with 11 by 9 macroblocks that is partitioned into two slices

When macroblock-adaptive frame/field decoding is in use, the picture is partitioned into slices containing an integer number of macroblock pairs as shown in Figure 6-8. Each macroblock pair consists of two macroblocks.

## 6.4 Inverse scanning processes and derivation processes for neighbours

This subclause specifies inverse scanning processes, i.e. the mapping of indices to locations, and derivation processes for neighbours.

### 6.4.1 Inverse macroblock scanning process

Inputs to this process is a macroblock address mbAddr

Output of this process is the locations ( x, y ) of the upper-left luma sample for the macroblock with address mbAddr relative to the upper-left sample of the picture.

The inverse macroblock scanning process is specified as follows.

If MbaffFrameFlag is equal to 0

$$x = InverseRasterScan( mbAddr, 16, 16, PicWidthInSamples_L, 0 ) \tag{6-3}$$

$$y = InverseRasterScan( mbAddr, 16, 16, PicWidthInSamples_L, 1 ) \tag{6-4}$$

Otherwise (MbaffFrameFlag is equal to 1), the following ordered steps are specified:

# LEASE

## BASIC RENTAL AGREEMENT OR RESIDENTIAL LEASE

This Rental Agreement or Residential Lease shall evidence the complete terms and conditions under which the parties whose signatures appear below have agreed. Landlord/Lessor/Agent, _____ shall be referred to as "OWNER" and Tenant(s)/Lessee, _____ shall be referred to as "RESIDENT." As consideration for this agreement, OWNER agrees to rent/lease to RESIDENT and RESIDENT agrees to rent/lease from OWNER for use solely as a private residence, the premises located at _____ in the city of _____, _____.

1. **TERMS:** RESIDENT agrees to pay in advance $_____ per month on the _____ day of each month. This agreement shall commence on _____, _____ and continue (check one)

A.__ until _____, ____ as a leasehold. Thereafter it shall become a month-to-month tenancy. If RESIDENT should move from the premises prior to the expiration of this time period, he shall be liable for all rent due until such time that the Residence is occupied by an OWNER approved paying RESIDENT and/or expiration of said time period whichever is shorter.

B.__ until _____, _____ on a month-to-month tenancy until either party shall terminate this agreement by giving a written notice of intention to terminate at least 30 days prior to the date of termination.

2. **PAYMENTS:** Rent and/or other charges are to be paid at such place or method designated by the owner as follows _____. All payments are to be made by check or money order and cash shall be acceptable. OWNER acknowledges receipt of the First Month's rent of $_____, and a Security Deposit of $_____, and additional charges/fees for _____, for a total payment of $_____. All payments are to be made payable to _____

3. **SECURITY DEPOSITS:** The total of the above deposits shall secure compliance with the terms and conditions of this agreement and shall be refunded to RESIDENT within _____ days after the premises have been completely vacated less any amount necessary to pay OWNER, a) any unpaid rent, b) cleaning costs, c) key replacement costs, d) cost for repair of damages to premises and/or common areas above ordinary wear and tear, and e) any other amount legally allowable under the terms of this agreement. A written accounting of said charges shall be presented to RESIDENT within _____ days of move-out. If deposits do not cover such costs and damages, the RESIDENT shall immediately pay said additional costs for damages to OWNER.

4. **LATE CHARGE:** A late fee of $_____, (not to exceed ___% of the monthly rent) shall be added and due for any payment of rent made after the _____ of the month. Any dishonored check shall be treated as unpaid rent, and subject to an additional fee of $_____.

5. **UTILITIES:** RESIDENT agrees to pay all utilities and/or services based upon occupancy of the premises except _____.

6. **OCCUPANTS:** Guest(s) staying over 15 days without the written consent of OWNER shall be considered a breach of this agreement. ONLY the following individuals and/or animals, AND NO OTHERS shall occupy the subject residence for more than 15 days unless the expressed written consent of OWNER obtained in advance _____.

7. **PETS.** No animal, fowl, fish, reptile, and/or pet of any kind shall be kept on or about the premises, for any amount of time without obtaining the prior written consent and meeting the requirements of the OWNER. Such consent if granted, shall be revocable at OWNER'S option upon giving a 30 day written notice. In the event laws are passed or permission is granted to have a pet and/or animal of any kind, an additional deposit in the amount of $_____ shall be required along with additional monthly rent of $_____ along with the signing of OWNER'S Pet Agreement. RESIDENT also agrees to carry insurance deemed appropriate by OWNER to cover possible liability and damages that may be caused by such animals.

8. **LIQUID FILLED FURNISHINGS:** No liquid filled furniture receptacle containing more than ten gallons of liquid is permitted without prior written consent and meeting the requirements of the OWNER. RESIDENT also agrees to carry insurance deemed appropriate by OWNER to cover possible losses that may be caused by such items

# Talking with Horses

by Joy Panse
Photograph by Sharon Dunn Umnik

Horses talk to one another They whinny nicker snort blow and neigh Horses also talk without making a sound They communicate with one another and with us through gestures and expressions That's what we call body language

People use body language too. We can say yes or no by nodding our heads or shaking them. We shrug our shoulders We wave hello or good-bye We wink when we have a secret And we talk without speaking in many other ways as well.

A horse's body language can be obvious or subtle It can be a strong kick or just a change in the expression of an eye

## Expressive Ears

When a horse has its ears straight forward and doesn't move them it is curious and alert. We call this pricking the ears A horse typically pricks its ears when it knows its breakfast is coming when it hears a strange noise or when it meets another horse for the first time

When a horse turns its ears to the side or halfway back, the horse is listening. It can listen with one or both ears If the noise is on the right the horse moves its right ear If the sound is on the left, the horse moves its left ear When a horse moves both ears back and forth it is paying attention to the activity around it

If a horse flattens its ears against the top of its head it is showing anger We say that the horse is pinning its ears

## Meaningful Looks

A horse that is relaxed and happy will have a "soft" eye which looks round and kind A horse that is unhappy will glare with a "hard" eye. which looks oval, angry and mean

A horse has a hard eye when something is bothering it Maybe the horse has a pain in the back or in a leg. Or maybe the horse didn't sleep well If a horse has both a hard eye and pinned ears, watch out!

When white shows around a horse's eyes it is frightened or anxious Usually when a horse is white-eyed a handler talks to it in a low, kind voice Sometimes this tone of voice can make a horse feel more comfortable and its eyes begin to soften

**Writing the Summary**

When writing the summary there are three main requirements.

1. The summary should cover the original as a whole.
2. The material should be presented in a neutral fashion
3. The summary should be a condensed version of the material presented in your own words

* * Also do not include anything that does not appear in the original. (Do not include your own comments or evaluation )
and
Be sure to identify your source

**For example**

In his paper "Global Implications of Patent Law Variation," Koji Suzuki (1991) states that lack of consistency in the world's patent laws is a serious problem. In most of the world patent ownership is given to the inventor that is first to file for a patent However the United States maintains a first to invent policy In view of this patent ownership can change depending on the country Multiple patent ownership can result in economic problems however most striking is the international tension it causes The fact that the United States does not recognize patent ownership in other countries, in violation of the Paris Convention on Industrial Properties, has prompted the World Intellectual Properties Organization (WIPO) to push the United States to review its existing patent law principles.

***Read these instructions before using your product.***

## 1 Unpack

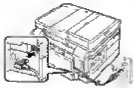
**Caution** Do not open ink cartridge packages until you are ready to install the ink. Cartridges are vacuum packed to maintain reliability.

Remove all protective materials.

**Caution** Do not remove the plastic strip shown. It is part of the Automatic Document Feeder.

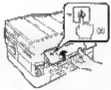
## 2 Turn on

1 Connect the power cord to the back of the printer and to an electrical outlet.



**Caution** Do not connect to your computer yet.

2 Squeeze the release bar underneath to raise the control panel. Then press the **On** button.



**Note:** If you want to lower the control panel, squeeze the release bar underneath.

**Caution** To avoid damaging the printer, always squeeze the release bar to lower the control panel. Don't try to push it down without releasing it.

## 3 Select settings

1 Select your language and country.

Touch the screen to select the desired option.

2 Select **Summer** if Daylight Saving Time is in effect (spring through summer); otherwise, select **Winter**.

3 Select the date format.

4 Use the numeric keypad to set the date, then press **OK**.

5 Select **12h** (AM/PM) or **24h**.

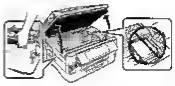
6 Use the numeric keypad to set the time.

7 Press **OK** when done.

**Note:** You can change the date and time settings using the product's control panel. For more information, see the online *User's Guide*.

## 4 Install ink cartridges

1 Raise the scanner unit.



2 Open the cartridge cover.

3 Shake the ink cartridges gently 4 or 5 times, then unpack them.

# Testing Your HP Fax Machine with the HP Fax Test Service

Print Share Feedback

## Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

## Test your fax machine

To test the capability of your fax machine, follow the directions below.

**NOTE:** Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will override the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voicemail, call blocking, or call privacy features.

**NOTE:** Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error report will be generated that will guide you in future trouble shooting. This option is available in different places on different products; consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When you fax is received by the HP Test Fax Service, you will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 15-20 minutes, there may be a problem with the setup of your fax machine. Check the user manual that came with the product for proper setup and configuration.

**NOTE:** The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that

# Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

TEST

Consectetur adipiscing elit. Sed rutrum eundem id rebellis veteres memoriae cognoscendi, curiosorum. Cur igitur, inquiunt, ea non dissentiles eodem nomine appellas? Miserum hoc erat. Si dolor summum malum est, dici aliter non potest. Utrum quidem dicerent alium alio beatiorem iam rumas videres. Quis est qui non oderit hominem confidentem, procerum adolescentium? Duo Reges: constructio interrete. Sin laboremus, quis est qui alienae modum statuat industriae? Qui autem esse potest, nisi is vincet ipse secum?

Hic ego: Pumpamus igitur, inquam, nostros locos videtur, et fortasse non iure. Beatae vero multum rationem puto. Non ex re ipsa genus hominum, sed accepit a natura inchoatum. Quid est, quod ab ea absolvi et perfici debeat? Omnes poterat paria dicitis.

Non tamen illo modo summum pecudis bonum et hominis idem utrobi vitae potest. Quorum sine causa fieri nihil putandum est. Quid ea reliquit, inquit, quoquo modo loquerentur inhelligere, quid dicerent? Perturbationes autem nulla ratione ei commoventur: omnesque ea sunt ejusmodi, ut iudicio levitatis. Cur deinde Metrodori Pieros commendas? Eadem nunc mea adversum te oratio est.

Non enim rem simplicem bonorum quorum sed exemplis. Videsne quam sit magna dissensio? Sed tu istum dixti bene Latine, parum plane. Incesse sensibus relicnem adhuncis ei rationi effecta sed sua non tribuunt. Ad corpus dicere pertinere, sed ea, quae dici, ad corpusne refers? Inavite autem quod omne ei gubernii mentis ultimum cum ultimo sapientiae comparatur.

Cur tantas regiones barbarorum pedibus obiit, tot maria transmisit? Quis non odit sordidos, vanos, leves, futiles? Hoc enim identidem dicitis, non intellegere nos quam dicenda voluptatem. Omnesque unum hunc versari nostri omnes. Sitvis laborum est praeceptorum memoria. Nunc ita separantur ut discendi causa quae nihil potest esse perversius. At ego et eum huic anteponam non audeo dicere. Sit, ut quidem dilgentius eam ipse requiram. Quo loquemur inter nos egomusque communiter. Illuna igitur non Pythias Arcadia nostrum nostrum ipsum.

Quid tempus quem sapiendi vitam ex magnamitum sermone pernere? Quod cum dixissent ille contra. Duo Reges: constructio interrete. Tempus enim accumbere a filii hostes Jupiter quam Epicurus, Saepe vobis videor pro meo iure in vestra gerere mihi. Omnesque?

Ritaque igitur vos, Et laudare quidem rerum facilis est et expedita distinctio. Nonne videmus quanta perturbatio rerum omnia consequatur quanta confusio? At negat Epicurus—hoc enim vestrum lumen exquaerendum, qui honesto non vivat iucunde posse vivere. Quamquam ab ea philosophiam et omnem negotiosa disciplinam habemus. Non commodius agere te.

Sed erit aequius Triarium aliquid de dissensione nostra audire. Sed in rebus apertissimis nemo mihi longe sumus. Suos enim primos elementa nemini, quibus auctis virtutis quasi germen effloruit. Illud dico, ea, quae dicere, praeclare vitae se cadere vere. Quis non odit sordidos, vanos, leves, futiles? Palemoni et iam ante Aristoteli ea primo visa esse, quae paulo ante dixi. Itaque in rebus minime obscuris non nullius est apud eos disserendi labor. Eadem nunc mea adversum te oratio est. Ut placet, inquit, eos enim illud erat apertus, aequum quoque consecrare. Contemni enim disserendi elegantiam, confiteor loquitur. Quodsi ipsam licentiam mihique perierunt atque absolutum.

# Hand Hygiene is the #1 way to prevent the spread of infections

You can take action by practicing hand hygiene regularly and by asking those around you to practice it as well.

You and your loved ones should clean your hands very often, especially after touching objects or surfaces in the hospital room, before eating and after using the restroom. Your healthcare provider should practice hand hygiene every time they enter your room.

It only takes 15 seconds of using either soap and water or an alcohol-based hand rub to kill the germs that cause infections.

Use soap and water when your hands look dirty; otherwise, you can use an alcohol-based hand rub.

You, your loved ones, and your healthcare providers should practice hand hygiene.

For more information, please visit www.cdc.gov/handhygiene or call 1-800-CDC-INFO

## 90 DAY LIMITED WARRANTY

503-200-1500

This consumer warranty extends to the original consumer purchaser of any **ESCALADE® SPORTS** Product (here after referred as the "Product").

**WARRANTY DURATION**: this Product is warranted to the original consumer purchaser of a period of ninety (90) days from the original purchase.

**WARRANTY COVERAGE**: ESCALADE SPORTS warrants to the original Consumer Purchaser that any Product or its manufacture is free from defects in material and workmanship when used for the intended purpose under normal use and care. THIS WARRANTY IS VOID IF THE PRODUCT HAS BEEN DAMAGED BY ACCIDENT, UNREASONABLE USE, NEGLIGENCE, IMPROPER SERVICE, FAILURE TO FOLLOW INSTRUCTIONS PROVIDED WITH THE PRODUCT OR OTHER CAUSES NOT ARISING OUT OF DEFECTS IN MATERIAL AND WORKMANSHIP.

**WARRANTY PERFORMANCE**: During the above ninety (90) day warranty period, **ESCALADE SPORTS** will repair or replace with a comparable model, any Product, or component thereof, which may prove defective under normal use and proper care, and which our examination shall disclose to our satisfaction to be truly defective, please contact our Warranty Dept.

1-888-870-3526 / Warranty Dept

Or Write us at:
Escalade® Sports Inc. • PO Box 889, Evansville, IN 47706 Attn: Warranty Dept.

Or Email us at:
customerservice@escaladesports.com

Other than shipping requirements, no charge will be made for such repair or replacement of in-warranty Products. **ESCALADE® SPORTS** strongly recommends that the Product is insured for value prior to mailing.

**WARRANTY DISCLAIMERS**: ANY IMPLIED WARRANTIES ARISING OUT OF THIS SALE, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE ABOVE NINETY (90) DAY WARRANTY PERIOD. **ESCALADE® SPORTS** SHALL NOT BE LIABLE FOR LOSS OF USE OF THE PRODUCT OR OTHER CONSEQUENTIAL OR INCIDENTAL COSTS, EXPENSES OR DAMAGES INCURRED BY THE CONSUMER OF ANY OTHER USE.

Some states do not allow the exclusion or limitation of implied warranties or consequential or incidental damages, so the above limitations or exclusions may not apply to you.

**LEGAL REMEDIES**: This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

Lets pray together, using the prayer printed in today's Order of Worship

Dear Heavenly Father, my church is composed of people like me; I help make it what it is. It will be friendly, if I am. Its pews will be filled, if I help fill them. It will do great work, if I work. It will make generous gifts to many causes, if I am a generous giver. It will bring other people into its worship and fellowship, if I invite and bring them. It will be a church of outreach, charity, grace and love, of fearlessness and faith, and a church with the spirit of Jesus, if I, who make it what it is, am filled with these same things. Therefore, with Your help, O God, I shall dedicate myself to the task of being all things that I want my church to be. Amen.

The title of my 2-minute talk is "But there are many Y's in Stewardship."
What do I mean? Well, there are more than a hundred of those Ys in stewardship right here in this room alone.
Where are they? They are you, you, you, you and even me.
Because you see, to you, I am you.
Stewardship is about the connection between "me" and "you".
Stewardship is a tangible way to express selfless love, as Jesus illustrated in the "Good Samaritan" parable.
So, as you fill-out your Commitment card for next year, ask yourself two questions:
1. What do I want my church to be?
2. What can I do to make that possible?

Some practical matters: There are commitment cards in each of the pew racks, in case you didn't bring yours from the mailing. When you have filled-out your card, fold it in half (like this) and put it into one of the white boxes located at the doors as you leave at the end of the service. These boxes are glued shut and they will be placed in Stu Dodge's locked office after Worship this morning. Stu Dodge, our church's Financial Administrator, is the only person who will have access to them.
We'll have a couple of quiet minutes to fill-out the cards. If you've already sent yours in, thanks! If you're not ready to do that yet, that's OK too. This could be a good time for some silent prayer.
Thanks!

Fax something interesting toll free to 1-888-877-1655 or 1-503 200 1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877-1655 (your boss will never notice... maybe) or 1-503 200 1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

# AN/ALQ-136

The AN/ALQ-136 CMS is an airborne, automatic electronic radar jammer designed to defeat/degrade the tracking capability of hostile threat pulse radar. When threat signals are identified and verified, jamming automatically begins and continues until the threat radar signal is no longer detected. The CMS then ceases jamming but continues to receive and analyze radar signals. The AN/ALQ-136 CMS is programmed to respond to the pulse radar signals of the most critical threat weapon systems anticipated to be encountered in the hostile environment.

The **AN/ALQ-136(V)1** CMS used on on the AH-1F attack helicopter, consists of one receiver/transmitter (RT) assembly and two identical antennas. The operator control unit, designed to operate both the AN/ALQ-136(V)1 CMS and the AN/ALQ-144(V)3 or AN/ALQ-144A(V)3 Infrared (IR) Jammer is provided as part of the AN/ALQ-144(V)3 or AN/ALQ-144A(V)3 IR Jammer. A plenum assembly (NSN: 5865-01-195-0857), used to assist in the air cooling system on the AH-1F helicopter is connected to the rear of the RT. The total system weight is 47.4 pounds.

The **AN/ALQ-136(V)2** CMS is designed for the Special Electronic Mission Aircraft (SEMA) and the Special Operations Aircraft (SOA) -- RC-12, MN-47E, MH-60K, EH-60A. This CMS is programmed to respond to the pulse radar signals of the most critical threat weapon system anticipated to be encountered by SEMA and SOA in a hostile environment. It can operate against multiple threat weapons systems simultaneously. It has programmable modules covers a broader frequency range than the (V)1 CMS and has built in preplanned product improvement capabilities. The AN/ALQ-136(V)2 CMS consists of three types of line replaceable units (LRUs). These LRUs include one receiver/transmitter (RT) assembly, one control indicator assembly and four antennas. The RT assembly utilizes state-of-the-art gate array and gallium arsenide lightweight circuit boards. The total system weight is 72 pounds.

The **AN/ALQ-136(V)5** CMS used on the AH-64A/D, consists of one receiver/transmitter assembly and two different antennas. The operator control unit, designed to operate both the AN/ALQ-136(V)5 CMS and the AN/ALQ-144(V)3 or AN/ALQ-144A(V)3 Infrared (IR) Jammer is provided as part of the AN/ALQ-144(V)3 or AN/ALQ-144A(V)3 IR Jammer. The total system weight is 47.4 pounds.

# Rackspace Cloud Drive

*powered by Jungle Disk Workgroup*

Stop dealing with the hassle of managing a file server. Store, share, sync, and automatically back up files for individuals or teams. Easily set up multiple drives that can be accessed from any desktop or on-the-go through a secure web interface. Rackspace Cloud Drive is fast, secure, and scalable with pay-as-you-go storage pricing.

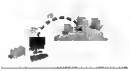
Share Files

**Store Files**

Securely store files in the cloud and access them anywhere via a virtual network drive on your desktop or on the web. There is no learning curve. It works just like any other drive: drag and drop, copy and delete. Store an unlimited number of files with an included 10GB per user and additional storage available on demand.

**Share Files**

Ditch the file server and USB key for sharing files amongst workgroups. Assign access permissions for individuals and teams across multiple drives. Sharing large files has never been easier.



Backup Files

**Backup**

Easily restore lost files with automatic backup. Set the backup schedule and apply it to specific files, folders, or an entire drive. File change monitoring and de-duplication makes the process fast and consistent. Receive backup updates on your desktop, by email, or RSS. Never worry about data loss again.

**Sync**

Sync files across multiple teams and desktops. Assign folders on multiple local machines to sync with the online drive. Files are updated as changes are made and are synced online as well as on teammate's computers. Go offline and keep working; the files will update as soon as an Internet connection is established. Never work on an outdated document again.

Sync Files

**Remote Access**

Don't be glued to the desktop. Work from anywhere with secure remote access to your files. Access files through a web-based interface or your favorite smartphone.

# WARRANTY POLICY

## ALLOW IN ROOM TEMPERATURE FOR AT LEAST 24-HOURS BEFORE USE WHEN IN COLD WEATHER CONDITION

This cartridge has been manufactured under stringent quality control standards to assure performance that equals or exceeds that of the original equipment manufacturer. The manufacturer/retailer/dealer will, at his option, replace the cartridge or refund the full purchase price of any cartridge found to be defective.

The manufacturer of this cartridge has very high reputation on their warranty policy, just bring it back to your store and you will get an exchange for the same unit or an exchange. Except listed below.

The manufacturer/retailer/dealer further warrants that under normal use and operation, this compatible/remanufactured laser toner cartridge will not cause damage, abnormal wear, or deterioration to any printer for which the cartridge was specifically designed. Any claim that the use of the compatible/remanufactured cartridge has resulted in printer damage must be verified with satisfactory evidence that the cartridge was the direct cause.

This warranty will become null and void if the warranted cartridge has been:

- Tampered with by Unauthorized personnel
- Improperly stored or used in a manner considered abnormal
- Label on the cartridge has removed/tempered
- Used up to the end cycle of the toner

The manufacturer/retailer/dealer liability under this warranty shall be limited to the replacement or reimbursement as defined herein. No other expressed or implied warranty shall exist, including warranties of merchantability and fitness for a particular purpose.

# ECO-GREEN EFFORT

Let us save our environment together, do your part, return your used cartridge to the store you purchased it from.

**The manufacturer/retailer/dealer will be releasing the BIO-TONER cartridges in 2018. These types of BIO Toner are non toxic and will be manufactured into your daily use cartridges. It won't harm our environment, and definitely won't harm your health, even you put your printer right beside you and keep on printing.**

I don't think I will ever get used to being without you. Many of my days are long, lonely and a dull ache settles in my heart when I think of how long it will be before we're together again. I appreciate you more each day and I sometimes wonder if I have ever told your just how special you are. I want you to know that I love you with a brilliance I've never known before and I look forward to the day that we will be home and sharing those wonderful times again. I miss you so very much.

I love you and shall forever,

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I d like to test it just to make sure it works How can I do that?*

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here is how to do both.

**To test the send functio. ality of your fax machine,** send a one-page fax to 1-855-330-1239 (a toll-free number in the United States ) When it s finished transmitting, point your web browser to FaxTux — it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site Click the thumbnail to see a large version.

**To test the receiva functionality of your fax machine,** point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax

and broad money growth improving. Energy earnings and investment have already fallen, but the detraction from earnings will soon cease, making growth elsewhere more apparent. As earnings and economic growth beat dour expectations, uncertainty should fall.

Soon investors will see plenty to cheer. The world continues growing, powering profits in most sectors. Broad money supply growth has accelerated throughout the world. Central banking is flawed but not choking off growth. All augur well for capital markets and the global economy. Politically, gridlock has escalated in much of the developed world, reducing legislative risk. Annoying as the in-fighting might be, stocks love it, as it reduces the risk of sweeping change creating winners and losers.

The world is full of unseen positives, with extant negatives too small or too widely known to wallop stocks. Investors aren't euphoric or complacent. Rather, expectations are too dour. This isn't a time to be fearful. This is a time to appreciate what the uncertain masses miss and enjoy a continued bull market.

We will discuss all these topics and more in the full Review & Outlook. In the meantime, your Investment Counselor is always delighted to discuss our views and answer any questions you have, and our website www.MarketMinder.com will continue providing regular commentary.

Commands are executed either by a word-editor (→ 7), or by a *modifier*. Elementary word-editors can be grouped together into a more inexpensive combination by means (C and ^) word-editor can by par ellemin instructed reading, which a backslash ('\'), everything on the rest of the line is a command

If a command is not complete in one word of a line, it will give a different prompt, by default

or request and different from that required as word input until the command is syntactically complete. This prompt may be changed by the user. We will commonly omit the instructions prompt, and indicate continuation by simple indention.

word-editor Interpreters at the commands are limited to about 4095 bytes (not characters).

## 2.9 Saved and executed of previous commands

Under many versions of UNIX and its Windows, it supports a word-editor in reading and re-executing previous word-editor. You can use the arrow keys on the keyboard (as by vpn) as would for what most command through a command history. Once a command is located in this way, you either can re-execute within the command using the command arrow keys, and characters can be re-entered with an EDIT key or added over the arrow keys. Many details are provided later (see Appendix C "Command-line editing", page 98).

The exact and editing capabilities under UNIX are highly customizable. You can find out how to do this by reading the manual entry for the 'gnome' library.

Alternatively, an emacs text editor selected than general output environment (see 288, *Emacs Speaks Statistics*) for working interactively with R. See section "R and Emacs" in the *R installation system FAQ*.

## 1.10 Recording commands from or diverting output to a file

If commands are stored in an example file, say 'commands.R' in the working directory 'work' they may be executed in any time in an R session with the command

> source("commands.R")

For Windows there is also available an **Edit** menu. The function also,

> sink("record.lis")

will divert all subsequent output from the console to an external file, 'record.lis'. The command

> sink()

restores it to the console from again.

## 1.11 Data permanency and removing objects

The system that R creates and manipulates are known as *objects*. These may be numbers, arrays of numbers, created or stored, matrices and in more general combinations built from such components.

During an R session, objects are created and stored by name for example this process in one from manual. The R command

> ls()

(abbreviation, ls(1)) can be used to display the names of (most of) the objects which are currently stored within R. The command of objects currently stored is called the workspace

* you access always, but within the software file in. Section 2 further
* Some of our examples will use other you to every case, and enough some which do inconsistencies. Should the change and some [illegible] are in the start of the next line.
* or collected work.

To instant object a new function we is executed

> x<-c(x, y, z, 10) [with 'work', too, too]

All objects remain during an R database with an upper environment in a file we use in future R sessions. At the end of your R session you are given the opportunity to save all our currently available objects. If you instructs input you want to do this, our objects are written as a file called ".RData" in the current directory, and your command from now is no longer we admit as a file called ".RHistory".

When R is started, in later from from our same directory it reports the workspace from this file. At our other from was initialized word-editor history is restored.

It is recommended that you should two separate working word-editor the analyses word-editor with R. It is quite common for objects, with names it until if we an unused during an example. Names like this are often meaningful in the context of a single working, but it can be quite from as double from they might be when the measurements. Some hope sometimes in the short [illegible]

# BLEPHARITIS

Charles N. S. Soparkar, MD, PhD, FACS

James. R. Patrinely, MD, FACS

Blepharitis is inflammation of the eyelids. This condition may result in an unstable or oily tear film. Typical symptoms may include excessive matter on the eyelids or in the eyes upon awakening, a gritty feeling in the eyes, a burning sensation that is worse while reading, driving, watching TV, working at the computer or periods of concentration, blurry vision that "comes and goes," itchy eyelids, and red and irritated eyelids.

Blepharitis is a chronic problem that may wax and wane throughout your life, eye quality worsening over time if left untreated. The following treatment planes should be followed by your physician to match the degree of disease activity present in your eyelids. After your blepharitis is under control, the treatment regimen may be slowly decreased over months. You will discover how frequently you need to treat your eyelids to remain over-lotable. During periods of non-waiting, you may need to repeat your treatments. Like brushing your teeth, regular lid hygiene processes are essential for eye comfort and health.

There are two major types of blepharitis: Anterior Lid Margin Disease (ALMD) and Posterior Lid Margin Disease (PLMD). ALMD is crusting on the eyelashes due to a superficial infection by one of a number of micro-organisms. Topical antibiotics for 1-2 weeks may help to decrease the infection, but the organisms rapidly develop resistance. PLMD is a problem with the glands within the eyelids producing an oily tear film, thick, oily and unstable tear film to cover the front of the eye.

**Lid Margin Scrubs**
(most useful for ALMD)
The purpose of lid margin scrubs is to clean the eyelashes and to mechanically remove many of the micro-organisms that are growing on the edge of the eyelid. The crusts and bacteria create an irritating inflammatory reaction. Eyelid scrub pads (many brands) are available in most grocery stores and pharmacies. These work fine. With your eyelids closed, rub the eyelashes and lid margins back and forth horizontally. Perform scrubs 1 – 2 times a day.

If you wish to save money, Johnson & No Tears Baby Shampoo can be used. Dilute the shampoo with warm water. There are many ways to do this. One option: put a drop or two of shampoo in the bottle and fill the rest of the cap with warm water and then stir with your finger. Put some diluted shampoo on your fingers or a face cloth or on a Q-tip and rub your eyelashes and lid margin back and forth with your eyes closed. Then rinse away the shampoo. This may be performed while in the shower.

**Hot Compresses**
(most useful for PLMD)
**The purpose of hot compresses is to open up the pores** at the ends of the ducts that drain the glands in the eyelids and to help melt the oil that is stuck within the glands. Hot compresses are hot soaks over your eyes with your eyelids closed. The best way to perform at least one of your hot compresses each day is to do so while in the shower. Turn the water temperature up just a little bit, place your hand over your nose and mouth so you can breathe then put your face up toward the water stream and let your eyes soak for 7 – 5 minutes (perhaps while your hair conditioner is working). The remainder of your hot compresses may be performed with two cups of raw rice placed in a clean cotton sock with the end tied off. Heat the rice sock in a microwave (duration depends up on the power of the microwave). After warming, place the rice sock in a plastic bag over a damp paper towel or a thin facecloth soaked in hot water. This is a great hot compress that will last about 10 minutes and can be performed 2-4 times each day.

**Lid Massages**
(most useful for PLMD)
The purpose of lid massages is to milk the thick and irritating oils out of the eyelid and into the tear film. Lid massages should be performed directly following hot compresses. After lid massages you may wish to rinse your eyes with an Eye Wash (many brands are available – Eye Stream and Diamoxe are two brands) to wash away the oil film.

Lid Massages are done with the eyelids closed and massaging the eyelids vertically toward the eyelashes. The upper eyelids are massaged downward and the lower eyelids are massaged upward. It is easier to massage the upper eyelids and in general, since there are more glands in the upper eyelids, this is the more important eyelid to massage, but both should be done.

**Oils**
(most useful for PLMD, but also helps with All MD)
Flaxseed oil (with or without Omega 3 oils) can be very helpful taken by mouth. Capsule formulations are

1) Yes, you just have to switch focus to the window you can't see first. Alt TAB will help you select it too
2) move it (Windows+Shift+Left or Right key) ;
or in other words
To get a window back you could do the Windows key + tab then Windows key + shift + left or right arrow key. A work around but not a solution

outbacks the potash giant is making. It says 440 workers in Saskatchewan will be losing their jobs.

The Saskatoon-based company is blaming soft demand for potash and phosphates, which are used to make fertilizer.

Bill Doyle, PotashCorp president and CEO, said two Saskatchewan mines will take the brunt of the cuts.

"The biggest impacts will be at our Lanigan and Cory mines," Doyle said. "There's been a deterioration in all three of our businesses and in order to remain globally competitive and financially healthy we have to make these very difficult choices today."

The company is shutting down one of two mills at Lanigan, Sask., and it is reducing its production at the Cory mine, near Vanscoy, Sask.

Workers in shock

Some of the workers at the Cory mine learned of the job cuts in early morning phone calls.

In total, 440 people are affected. Ken Manyk, who works at the Lanigan operation, said he was called at 5:30 a.m.

## Canon U.S.A., Inc. LIMITED WARRANTY – (USA Only)

The limited warranty set forth below is given by Canon U.S.A., Inc. ("Canon USA") with respect to the new or refurbished Canon-brand product ("Product") packaged with this limited warranty, when purchased and used in the United States only.

The Product is warranted against defects in workmanship and workmanship under normal use and service for a period of one (1) year from the date of original purchase when accessed at you in new condition at its original container (a) (b) for ninety (90) days from the date of original purchase for refurbished Products. Product refunds by a limited USA repair facility or a Canon USA Authorized Service Facility ("ASF"), and proves to be defective upon inspection will be repaired without charge, consumables, and, repair parts and/or replaced parts that exchanged for new or, at exchanged for a refurbished Product, as determined by the Canon USA repair facility or the ASF. Warranty repair or replacement shall not extend the original warranty period of the Product. A credit card proof of purchase is required at the time of warranty service. A copy of your dated bill of sale will satisfy this requirement. This warranty does not cover any accessories, or any consumables, such as paper or ink cartridges, as to which there shall be no warranty or replacement.

This limited warranty shall only apply if the Product is used in conjunction with compatible accessories, peripheral equipment and software. Canon USA shall have no responsibility for such items except for certain Canon brand peripheral equipment covered by a separate warranty ("Separate Warranty"). Repairs of such Canon brand peripheral equipment shall be covered by the terms of the Separate Warranty. Non-Canon brand peripheral equipment and software that may be distributed with the Product are sold "as is" and without warranty of any kind by Canon USA, including any implied warranty regarding merchantability or fitness for a particular purpose, and all such warranties are disclaimed. The sole warranty, if any, with respect to such non-Canon brand items is given by the manufacturer or supplier thereof.

This limited warranty covers all defects encountered or perfect use of the Product and does not apply in the following cases:

(a) Loss of or damage to the Product due to abuse, neglect, misinstalling, improper packaging by you, shipping, software interface-related fluctuations, temperature, failure or failure operating or non-reasonable instructions in, or environmental conditions, prescribed in, Canon USA's user manual or other documentation, or service performed by someone other than a Canon USA repair facility or ASF without writing the foregoing, dropping the Product, accidents, and situations will be presumed to have resulted from misuse, based or limited to expertise the Product as set forth in the user's manual or other documentation by the Product.

(b) Loss of parts, supply, software or supplies (other than those sold by Canon USA), including non-Canon ink cartridges or refilled ink cartridges, that cause damage to the Product or cause abnormally frequent service calls or service warranty

(c) If the engineer, has had its serial number or during disabled, altered or software

ANY SYSTEM SOFTWARE (WHETHER FACTORY LOADED ON THE PRODUCT OR DOWNLOADED ON THE SOFTWARE INTENDED OR SOFTWARE INSTALLED WITH, OR ACCOMPANYING, THE PRODUCT, AND ANY UTILITY SOFTWARE, INTRODUCED WITH OR FOR THE PRODUCT, IS SOLD "AS IS" AND WITHOUT WARRANTY BY CANON USA. THE SOLE WARRANTY WITH RESPECT TO SUCH SOFTWARE IS DISCLAIMED BY THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT DISTRIBUTED THEREWITH, INCLUDING ANY LIMITATIONS AND EXCLUSIONS THEREIN. PLEASE REFER TO CANON USA DISTRIBUTION IF YOU HAVE NOT BEEN FURNISHED A COPY OF THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT.

NO IMPLIED WARRANTY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, APPLIES TO THE PRODUCT AFTER THE APPLICABLE PERIOD OF THE EXPRESS LIMITED WARRANTY STATED ABOVE, AND NO OTHER EXPRESS WARRANTY OR GUARANTY EXCEPT AS MENTIONED ABOVE, GIVEN BY ANY PERSON OR ENTITY WITH RESPECT TO THE PRODUCT SHALL BIND CANON USA. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. CANON USA SHALL NOT BE LIABLE FOR LOSS OF REVENUES OR PROFITS, INCONVENIENCE, EXPENSE FOR SUBSTITUTE EQUIPMENT OR SERVICES, STORAGE CHARGES, LOSS OR CORRUPTION OF DATA, OR ANY OTHER SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES CAUSED BY THE USE, MISUSE, OR INABILITY TO USE THE PRODUCT REGARDLESS OF THE LEGAL THEORY ON WHICH THE CLAIM IS BASED, AND EVEN IF CANON USA OR ITS ASF HAS BEEN ADVISED OF

## Hello!

*This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!*

*This service is intended to provide a preliminary evaluation as to the quality and smoothness of Interpage's subscription fax service(s).*

*If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.*

This file is a sample MS Word file, many other file types are supported

*If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:*

*Phone:* +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

*E-Mail:* inst-support@interpage.net

*Web:* http://www.interpage.net

*Thank you for your interest!*

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit as serialized fast messages; only the above fixed sample message will be transmitted. You may obtain an actual account for evaluative purposes by filling out the form located at *http://www.interpage.net/cgi-bin/free-trial.html*, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is an offer. It was sent by a visitor to Interpage's web site who entered your dial number, as a recipient of this test fax. A single dial can only get messages more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

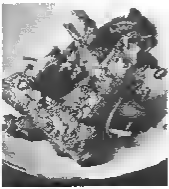
# Glazed Pork Ribs with Shichimi Togarashi

By bon appetit magazine Shine Food Mon, 10 Sep, 20 2 9:45 AM EDT



Photograph by Quirke Kashi

**By Bon Appétit**

State Bird Provisions chef Stuart Brioza uses this foolproof two-step method. He bakes the ribs in a foil packet with lemon and rosemary to infuse the meat, then reduces the pork juices into a thick sauce for lacquering.

# Test Print

This printer is now ready for printing.

After this, Quick Menu opens automatically.

Quick Menu is a shortcut menu that lets you access functions you want to use with one click. You can access CREATIVE PARK PREMIUM, the Online Manual, etc.

* The screen display varies depending on your printer.

## CREATIVE PARK PREMIUM

You can download popular characters or artwork of famous artists and print them. **CREATIVE PARK PREMIUM is a premium content service available exclusively to customers who use genuine Canon Ink for all colors.**

## Online Manual

The Online Manual is an instruction manual on the website. It contains the latest information needed for operations such as printing. You can also use it for troubleshooting when problems occur.

* An Internet connection is necessary.

## We Recommend Using Canon Genuine Inks

Canon genuine consumables (inks / printing paper) are developed especially for Canon ink-jet printers. We recommend using Canon genuine consumables to maintain printer performance and ensure consistency.

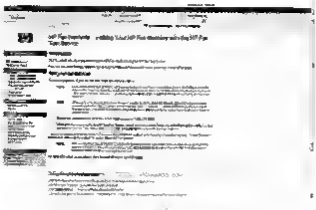
## Test Fax Machine For Free

When I moved the CentOS desktop from one place to another, I forgot how to setup the fax machine or exactly how you should connect the cables to make the fax machine work. When I moved the desktop, I had it like this. *phone line > answering machine -> HP 5610*, which works as far as the phone is concerned, fax does not work though. So how did I know the fax doesn't work without calling a friend to send and received faxes? Simple.. use the power of the internet.

The CentOS desktop is powered by a very old Athlon XP processor with 1GB of DDR ram and my fax machine is HP's 5610 All-In-One. To get your 5610's fax to work the connection has to be in this order *phone line -> HP 5610-> answering machine*. At least that's how I did it. Now comes the fun part.. testing if you can send and receive faxes. To do this test I head over to a couple of websites.

HP Fax Products (1-888-473-2963) – Since I have an HP 5610, I figured out that this should do the trick though I don't know if it'll work if yours isn't an HP brand. this website does both sending and receiving of faxes.



Fax Toys (1-510-545-0990) – This has got to be the coolest (send only) fax test website ever! They'll display whatever you sent to them in their website! As soon as you sent your fax to their number, head over to their website and check!

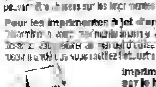
# Instructions pour l'impression simples / Instrucciones sencillas para impresión

## Français

**Choisir un modèle.** Choisir parmi le modèle complet ou le modèle pour économiser de l'encre. Vous trouverez aussi un modèle avec des étiquettes pour vous y retrouver plus facilement.

**Avant d'imprimer :**
Vérifier les réglages pour s'assurer que votre imprimante est prête à imprimer. Les étiquettes sont conçues pour être imprimées avec les réglages d'impression par défaut. Il est important que les bons bacs d'alimentation soient utilisés et que le format de papier soit correctement sélectionné. Les étiquettes peuvent être imprimées sur les deux côtés de la feuille, mais il est préférable de les imprimer sur le recto.

**Pour les imprimantes à jet d'encre :**
Remettre à zéro votre machine avant d'y coller des étiquettes. Ne laissez pas les étiquettes en contact avec de l'encre humide pendant plus d'une minute, car elles risquent de se gonfler.



**Pour les imprimantes laser :**
Remettre à zéro votre machine avant d'y coller des étiquettes.

**Les étiquettes universelles s'adaptent à vos applications préférées.**
Conçues pour s'adapter à votre imprimante laser ou à jet d'encre.

**Conseils sur les feuilles d'essai**
- Utiliser du papier ordinaire pour vos feuilles d'essai afin d'économiser les étiquettes vierges.
- Avant d'imprimer votre document, veillez à bien aligner les étiquettes sur une feuille d'essai.
- Ne pas utiliser plusieurs copies de la feuille d'essai en même temps, car cela risque de bloquer votre imprimante.
- Ne pas utiliser plus d'une feuille d'essai pour vérifier l'alignement des étiquettes.

**Pour de meilleurs résultats**
- Ne pas installer sur les imprimantes ou les photocopieurs plus anciens.
- N'imprimer que d'un côté.
- Ne pas retirer de feuille.
- Ne pas retirer ou réinitialiser les cartouches d'encre avant d'imprimer.
- Avant de commencer, tenir les feuilles par le bord et éventuellement les séparer en éventail.
- Retirer les étiquettes à peine une minute après leur sortie de l'imprimante.
- Garder votre imprimante propre.

**Ne pas oublier !**
Vérifier la mise à jour régulière des pilotes d'imprimante pour bénéficier d'une meilleure qualité d'impression.

## Español

**Seleccione una plantilla.** Seleccione de la plantilla completa o la plantilla para ahorrar tinta. También hay una plantilla con etiquetas para facilitar la alineación. Estas plantillas son para impresión a doble cara.

**Antes de imprimir:**
Antes de imprimir, verifique los ajustes de su impresora para asegurarse de que esté lista para imprimir. Las etiquetas están diseñadas para imprimirse con los ajustes predeterminados de impresión. Es importante que se utilicen las bandejas de alimentación correctas y que el tamaño de papel esté configurado correctamente. Las etiquetas pueden imprimirse en ambos lados, pero es mejor imprimir en una sola cara.

**Para impresoras de inyección de tinta:**
Limpie el cabezal de impresión antes de colocar las etiquetas. No deje las etiquetas en contacto con tinta húmeda durante más de un minuto, ya que podrían arrugarse.

**Para impresoras de inyección de tinta:**
Limpie el cabezal de impresión antes de colocar las etiquetas. No deje las etiquetas en contacto con tinta húmeda durante más de un minuto, ya que podrían arrugarse.

**Las etiquetas multiusos se adaptan a sus aplicaciones preferidas.**
Diseñadas para adaptarse a su impresora de inyección de tinta o láser.

**Consejos para la hoja de prueba.**
- Utilice hojas de papel normal para hacer pruebas y así ahorrar etiquetas en blanco.
- Antes de imprimir su documento, asegúrese de que las etiquetas de la hoja de prueba estén alineadas correctamente.
- No use más de una hoja de prueba a la vez para evitar que se atasque la impresora.
- No use más de una hoja de prueba para comprobar la alineación de las etiquetas.

**Para obtener los mejores resultados**
- No se debe utilizar en impresoras o fotocopiadoras antiguas.
- Imprima solo en un lado de las etiquetas.
- No quite ninguna hoja.
- No retire ni reinicie los cartuchos de tinta antes de imprimir.
- Antes de comenzar, sostenga las hojas por el borde y airéelas ligeramente.
- Quite las etiquetas poco después de imprimirlas, ya que podrían arrugarse.
- Mantenga la impresora limpia.

**No olvide**
Revise el controlador de impresora regularmente para obtener la mejor calidad de impresión.

- Failing to maintain an ongoing relationship with their distributor, who can provide expert service and support.

- Thinking they can service the products themselves, with little or no basic technical training.

- Failing to take the time to routinely inspect and clean dose equipment according to the recommendations in the product manuals.

**Robert Smith:** Sometimes owners neglect regular cleaning and evaluation of the machines. and the case itself. Maintaining a clean store environment will help with a number of avoidable instances that can happen from time to time such as "slush creep" a result of the dose dispenser not being cleaned on a regular basis. Owners should consult with their distributor to learn the intricacies associated with their equipment.

**John Smith:** Unfamiliarity with service procedures leads some owners to swap out giant boilers-really? knowing when the problem is and when's causing it. They start swapping computers or drain valves, and it may not be any of these items.

Years ago, with mechanical timer machines, whenever a machine wouldn't advance everyone immediately thought it was the timer. Owners were replacing $400 timers, and when it was a blocked drain valve

**What are the most common equipment maintenance problems that laundry owners will typically run across?**

**Robert Smith:** Stuck coins, overloading, buildup around the detergent dispenser, clogged/plugged drain pumps, and buildup around the bottom of the door glass.

The solutions to these common occurrences include: cleaning the coin drop/slide frequently, recommending signage to remind users of appropriate detergent amounts, wiping down the dispenser and door glass often, and cleaning out the pumps on a regular basis.

**Keith Vark.** The most common issue are clogged lint screens. The only way to prevent such clogs is to clean the lint screens on a daily basis. Also, it may be time to replace the lint screen when splashing or uneven coverage of lint occurs. This is caused when the screen pores get clogged with softener, which restricts airflow.

Drainage is another common maintenance problem, specifically on many older mechanical timer washer machines. For example, if the valve was open during the fill process, the machines would continuously fill, potentially wasting thousands of gallons of water annually. Additionally, if the drain valve clogs, the machine cycles would be a standstill indefinitely, leading to decreased throughput and a potential revenue loss.

Another common issue involves screws in the perforations of dryer cylinders. Owners can detect this issue by listening for scratching sounds while the dryer is operating. To minimize damage, the screws should be removed immediately. If this issue is not caught, damage to the dryer cabinet will occur, which allows for atmospheric air to enter the cylinder and mix with the heated air.

**Charles Hawkins:** Regarding general upkeep-related maintenance, laundry owners should regularly check door interlocks on their washer-extractors and keep their dryer lint screens clean. Also, within the laundry area, it's important to avoid lint buildup and to mop up any water. After all, a clean and safe laundry sets the proper image for both your customers and employees.

**Gary Brunet:** Clogged drain lines are common. Rather than to ensure that drains are properly installed, which includes sizing, pitch and venting, there's drain cleaner can-do in some of the inevitable steps that sometimes occur.

Leaking gaskets can lead to more serious failures over the long term. Periodic inspection and cleaning or replacement of dirty and damaged gaskets on both washers and dryers is a simple and cost-like antidote.

Of course corrosion or staining of exterior painted or stainless surfaces, also is common. However, with just a small daily investment of time to clean up spills and to clean the exterior surfaces of new equipment, finished panels can look like new for years.

**Dave Xavier:** The number-issue issue, by far, is lint congaing up everything - followed by broken or worn belts, ignition issues, clogged inlet water screens and items stuck in the drain valve.

Nothing is worse than going into a busy weekend with machines down that - with a little foresight - would have been running.

**John Smith:** To me, the most common problems are leaking or clogged drain valves. These are followed by leaking hoses, defective door locks, jammed coin drops and torn lint screens.

Dryer valves are susceptible to small items customers leave in dose pockets. Signage can help by reminding people to empty dose pockets.

Of course, some stores are susceptible to abuse by dose customers, based on where they are located - and the maintenance on those stores could be more intensive

## SHREK FOREVER AFTER

May 21 Comedy

Voices: Mike Myers, Eddie Murphy, Cameron Diaz, Antonio Banderas

After challenging an evil dragon, rescuing a beautiful princess and saving your in-laws' kingdom, what's an ogre to do? Well, if you're Shrek, you suddenly wind up a domestic and family man. Instead of scaring villagers away like he used to, a reluctant Shrek now agrees to autograph photos. What's happened to this ogre's roar? Longing for the days when he felt like a "real ogre," Shrek is duped into signing a pact with the arrogant, wheeling-dealing Rumpelstiltskin. Shrek suddenly finds himself in a twisted, [illegible] version of Far Far Away, where ogres are hunted, Rumpelstiltskin is king and Shrek and Fiona have never met. Now it's up to Shrek to undo all he's done in the hopes of saving his friends restoring his world and reclaiming his one True Love.

## SEX AND THE CITY 2

May 27 Comedy

Sarah Jessica Parker, Kristin Davis, Kim Cattrall, Cynthia Nixon

Carrie, Samantha, Charlotte and Miranda take another bite out of the Big Apple in the sequel.

## GET HIM TO THE GREEK

June 4 Comedy

Jonah Hill, Russel Brand, Elizabeth Moss, Rose Byrne, Sean "P. Diddy" Combs

A fresh-out-of-college insurance adjuster (Hill) is hired to accompany an out-of-control rock star (Brand) from London to a gig at L.A.'s Greek Theater.

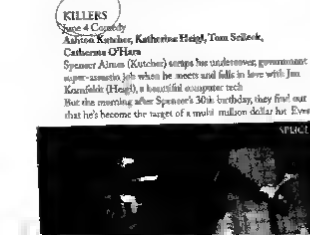
## KILLERS

June 4 Comedy

Ashton Kutcher, Katherine Heigl, Tom Selleck, Catherine O'Hara

Spencer Aitken (Kutcher) scraps his undercover, government super-assassin job when he meets and falls in love with Jen Kornfield (Heigl), a beautiful computer tech.

But the morning after Spencer's 30th birthday, they find out that he's become the target of a multi million dollar hit. Even worse, the hired killers have been stalking the happy couple for years, and could be anyone: friends, neighbors, the grocery store clerk, even that crabby old guy shuffling across the street. Now Spencer and Jen are on the run for their lives. As their new-found paradise turns into a paranoid game of dodge-the-assassin pursuit, and bullets fly and bombs explode, they must find out who wants Spencer dead and why. All the while trying to save their marriage, manage his pain-in-the-ass in-laws, keep up neighborly appearances, and just plain survive. And you thought suburban life was easy.

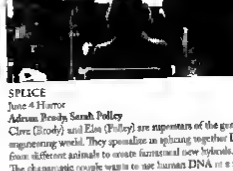


## MARMADUKE

June 4 Comedy

Voices: Jeremy Piven, Ron Perlman, Amanda Seyfried, Steve Coogan, William H. Macy, Christopher Mann-Plaza, Lee Pace, Judy Greer, Owen Wilson, George Lopez, Kiefer Sutherland, Fergie

A film adaptation of the lovable Great Dane, Marmaduke, from the comic strip by Brad Anderson.



## SPLICE

June 4 Horror

Adrien Brody, Sarah Polley

Clive (Brody) and Elsa (Polley) are superstars of the genetic engineering world. They specialize in splicing together DNA from different animals to create fantastical new hybrids.

The charismatic couple wants to use human DNA in a new hybrid—something that could yield unprecedented medical benefits. The pharmaceutical company that funds their research, however, is more interested in exploiting their outlier examples for easier, short-term profit. Clive and Elsa secretly conduct their own experiment. The result is Dren, an arresting creature who exhibits an array of unexpected characteristics, both physical and intellectual. Dren exceeds their wildest dreams—and ultimately their most terrifying nightmare.

## THE A-TEAM

June 11 Comedy

Bradley Cooper, Liam Neeson, Jessica Biel, Sharlto Copley, Patrick Wilson, Quinton Jackson

Col. Hannibal Smith (Neeson) is a master planner of inventive ruinous regaining split-second timing, and unusual skills, along with a team of incredibly prominent and eccentric soldiers: Templeton "Face" Peck (Cooper) who can procure anything for the team's unorthodox and daring activities; B.A. Baracus (Jackson), the brains driver and muscle and H.M. "Howling Mad" Murdock (Copley) a gifted pilot—and certified loon. These former Special Forces soldiers are set up for a crime they did not commit, and pursued relentlessly by Capt. Charles Sosa (Biel) a friends love interest of Face's.

Thank you for your business!

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to FaxToy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (90 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device bypassing any home wiring.
- If using an All-In-One device temporarily disconnect device from PC

# GREENWICH VILLAGE

New Yorkers call it "the Village" and it began as a country village, an escape for city dwellers during the yellow fever epidemic of 1822. The crazy-quilt pattern of streets, reflecting early farm boundaries or streams, makes it a natural enclave that has been a bohemian haven and home to many celebrated artists and writers.

Jazz club flag on West 3rd Street

A popular gay district is here, but the area has become mainstream and expensive. Near Washington Square, it is dominated by New York University students. Once cheaper, the East Village attracts a trendy crowd from all over the city. The Meatpacking District, which still functions as such, has become overwhelmed with smart boutiques and restaurants.

## Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Verify that the fax cable is connected properly between the device and the wall jack. Also, make sure the wall jack is live by testing it with a phone.
- Try a different phone cord between the device and the wall jack.
- Temporarily disable any other fax applications and close any open windows.
- Connect the device directly to the wall jack. Test it without any home wiring.
- Power your All-in-One device to reinitialize. Disconnect device from PC.

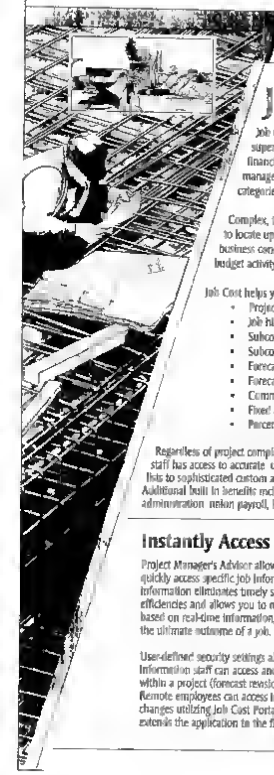
## COVER MESSAGE

Hello. This is a test fax.



# Job Cost

Job Cost integrates a complete project management solution with the superior financial management capabilities of Microsoft® Dynamics™ GP financials to give project managers the ability to utilize job data and proactively manage labor, materials, equipment, subcontractors and other user-defined cost categories.

Complex, time-consuming searches are an obstacle to project managers that need to locate up-to-date project information. Designed to rapidly adapt to changing business conditions, Job Cost allows project-based businesses to track actual and budget activity while easily tracking revenue, expenses and profitability.

Job Cost helps you effectively track:

- Project change orders
- Job history
- Subcontracts
- Subcontract documents
- Forecasts
- Forecast revisions
- Committed purchase orders
- Fixed assets
- Percentage of complete revenue

Regardless of project complexity, Job Cost keeps the focus on profitability by ensuring that your staff has access to accurate, up-to-date information. With options ranging from simple, user-defined lists to sophisticated custom analysis tools, Job Cost will help you turn your data into knowledge. Additional built in benefits include billing and accounts receivable, change-order management, contract administration, union payroll, budgeting and reporting.

## Instantly Access Up-to-date Project Information

Project Manager's Advisor allows project managers to quickly access specific job information. Rapid access to information eliminates timely searches, creates greater efficiencies and allows you to make business decisions based on real-time information, improving control and the ultimate outcome of a job.

User-defined security settings allow control over information staff can access and the actions they can take within a project (forecast revisions, change orders, etc.). Remote employees can access information and facilitate changes utilizing Job Cost Portal, which effectively extends the application to the field via the Internet.

# Understanding your 2012 1099 statement

## What's new

- Beginning January 1, 2012, mutual fund companies must track and report adjusted cost basis for shares bought and sold in most accounts and transferred to another brokerage firm.
- Tax-exempt dividends will now be reported on Form 1099-DIV. They will not be reported on Form 1099-INT.
- Any state income tax withheld will now be reported on the IRS tax Form 1099-DIV (Form 1099-INT for interest) or 1099-B.

## 1099-B Proceeds reporting

New Federal reporting requirements being put into effect January 1, 2011 have caused additional changes to the 1099-B. Due to these 1099-B requirements, we recommend that your broker(s) with whom you have an investment relationship return Tax Lots Sold (if you have been accustomed to such an informative worksheet being received for tax filing the security symbol, quantity sold, and date acquired to the IRS. Additionally, some of the cost basis data in Section C (Covered) of the 1099-B will not be required until 2012.

## How to obtain a detailed tax guide

You may obtain a more detailed guide "Tax Information Guide" from our website at fidelity.com/taxes. This guide includes detailed information pertinent to investor transactions, worksheets, and the completed tax forms that IRS publications from the IRS website (IRS.gov) are particularly useful. Publication 17 (Your Federal Income Tax) and Publication 550 (Investment Income and Expenses).

## Subsequent and/or amended tax forms possible

If you sold investments in a mutual fund, regulated investment company (RIC), real estate investment trust (REIT), unit investment trust (UIT), exchange-traded fund, or any other stock that makes distributions, you may receive more than one tax statement or tax form. We are required to report to you and the IRS information provided by these issuers after your original tax form was printed. Additionally, information regarding whether or not a dividend paid by a foreign company is eligible for a "qualified dividend" tax rate is subject to change.

A correction, void, or amended tax statement or tax form reflects this information. We reserve the right to issue corrections at any time. Some Fidelity Clearing, LLC ("Fidelity") or National Financial Services LLC ("NFS") accounts may receive multiple tax statements. Please be advised that any corrected tax statement or tax form will be available for your filing of an amended tax return. As a result of RIC recovery reclassifications, a taxable distribution may be reclassified as a return of capital. Any adjusted Form 1099 may subsequently cause you to receive multiple tax statements.

Amended tax statements may not be received by the end of January as they are approximately February 15th if you have made a tax filing extension. If you have received an amended tax statement, please be aware that you have received a corrected tax form for all accounts that may have been previously reported. Please review your tax forms for the IRS.

## Summary of tax package information

For a more detailed description of this tax package, please review our tax guide at fidelity.com/taxes. The tax guide provides more comprehensive tax package and addresses many of the most common questions that are asked by our clients.

In this tax package is also a summary section showing the total amounts for each type of 1099 that you may have received. These include:

- **1099-DIV** – Dividends and Distributions from any mutual fund or stock. This shows capital gains and non-taxable dividends (return of capital). Additional information regarding tax-exempt income may be found in the section of Supplemental Tax Information sections.

# A Guide to Faxing Over IP Networks
## Customer Tip

This document applies to the Xerox products indicated in the table below. The serial number identifies the version of that xerox product to which this document applies. The equipment serial number is typically located [illegible]

## Overview

This guide is intended for network administrators, or service providers with responsibility for configuring settings within an IP network expected to provide telephony service to a Xerox fax device.

The fax module is capable of standard G3 fax operation (maximum data rate 14400 bps) or Super G3 fax (maximum data rate 33600 bps). It is designed to connect to analogue telephone lines that carry audible frequencies (i.e. speech). Fax data is converted into audible signals for transmission through the Public switched telephone network using a modem.

### What is Voice over IP (VoIP)?

Internet Protocol (IP) networks carry data in a digital packet format. Voice signals must be encoded into this digital format before being transmitted over IP. This encoding also compresses the data to reduce the load (bandwidth) on the network. This function is provided by an access device that supplies the conversion interface — see *Network Setups (page 3)*

### What is Fax over VOIP (FoVoIP)?

The fax is connected to the VoIP interface on the network and is treated like a standard voice call. The analogue fax signals are encoded into a digital format, just as for a voice call. The voice encoding compression severely limits the fax speed, and network quality issues that are acceptable in voice calls usually cause the fax to fail — see *Quality of Service (page 2)*

FoVoIP is often called Fax Pass through

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?*

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one page fax to 1-888-877-1655 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Bottle hanger
Needle hole for controlled drops
Not used here but still works fine
Drop still captured with f/36 in auto mode
With pop-up flash only (this picture)
Lemon back drops
Old SB-20 flash
(Low power)
Onboard flash works too
Remote release is handy
But not necessary
Keep the lights low so all the
Exposure is done by the flash
That's what freezes the drop!

## Voice over the Cloud; Reliable, Scalable, Cost Effective

Once you experience Voice over the Cloud, or Cloud Telephony, you will wonder how you ever lived with traditional phone systems. Voice over the Cloud provides advanced enterprise-level features and reliability customary to traditional PBX systems, without the high cost and expensive maintenance they carry. In addition, Voice over the Cloud offers the ability to easily integrate diverse physical locations, gracefully scale with organizational growth, and provide customized solutions to fit complex needs. **Voice over the Cloud provides greater reliability and enhanced productivity at far lower cost than traditional PBX solutions.**

## onCloud Knows Voice over the Cloud

Since its inception, onCloud has been a pioneer in VoIP and Voice over the Cloud. From managing our own phones, to supplying the phones, service and maintenance of our clients, our voice has been heard over the Cloud for 15 years. We can help cut your cost, reduce your management and down time, and provide scalable solutions that allow you to focus on your core business. We can effectively do it for you, because it is our core business.

## myVoice℠

**High-quality voice clarity, maximum up-time, full featured solutions, managed systems and the latest devices.**

**myVoice℠** by onCloud provides you with a wide range of voice over Cloud options, the latest full featured VoIP phones, unlimited calling in the US, voicemail to e-mail, conference rooms, auto-attendant, call queueing, music or custom on hold recordings, computer integrated GUI interface, e-fax and more. Take your phone with you and integrate it to your cell phone. Keep your existing phone numbers, and easily add additional numbers, as well as toll free, from anywhere in the US and Canada and have them ring wherever you are. We manage everything, all future changes are included. There is never a programming charge. Are you a "do it yourself" kind of person? A self-service programming portal is available as well.

**We provide all the phones, hardware, setup and installation. Optionally, customers can provide any SIP-compatible phone, as well. Depending on model, functionality and setup will vary.**

# GET HELP. GET HOPE.

**FROM THE**

**INDIANA HOUSING AND COMMUNITY DEVELOPMENT AUTHORITY**

**AND ITS**

**INDIANA FORECLOSURE PREVENTION NETWORK**

This notice is to inform you that you are in default under the terms of your mortgage loan on property located at: 8102 E 20th St, Indianapolis, IN 46219. If you continue to be in default for thirty (30) more days, your mortgage lender may choose to file a foreclosure complaint against you in court. If that happens, you could be at risk of losing your home. Indiana Housing and Community Development Authority (the "Authority") wants you to know about the Indiana Foreclosure Prevention Network (the "Network") sponsored by the Authority to help you if you are facing foreclosure.

In the State of Indiana, the Network offers **free mortgage foreclosure counseling and assistance to homeowners**. The Authority encourages you to contact the Network by calling its Helpline 1-877-Get-Hope (1-877-438-4673) or by going to www.877GetHope.org.

We urge you to work with a mortgage foreclosure counselor who is certified by the Authority and is a member of the Network. **Their services are confidential and are provided for free** by the State of Indiana.

Our Father which art in heaven,
hallowed be thy name.
thy kingdom come;
thy will be done
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom
the power, and the glory,
for ever and ever.]

**Random Stuff Sent From Your Fax Machine**
**Fax something interesting to 1 510-545 0590**

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-510 545-0590 (your fax will never notice) and it should appear here within a couple of minutes. (The number is in Northern California, USA. Long distance applies.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few inches of the page where your company name and fax number should appear, but make no promises that this will actually work.

BACK

At present a request to density output cards in a sensitometric computations run yields density cards corresponding to densitometer densities If the test code used involves E N D conversions the density output cards must be run through a separate conversion program to correspond [illegible] corresponding to individual strips are punched wi [illegible] tested

I prop [illegible] sity card output is requested plotted densities are pu [illegible] will simply be the average densities If the test code calls for E N D conversion it would be the E N D densities that are punched out It the test breaks down e g. because of range check failure we would get cards punched out for individual strips, since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2, 1971

## SECTION 7

All Bills for raising Revenue shall originate in the House of Representatives; but the Senate may propose or concur with Amendments as on other Bills.

Every Bill which shall have passed the House of Representatives and the Senate shall, before it become a Law, be presented to the President of the United States: If he approve he shall sign it, but if not he shall return it, with his Objections to that House in which it shall have originated, who shall enter the Objections at large on their Journal, and proceed to reconsider it. If after such Reconsideration two thirds of that House shall agree to pass the Bill, it shall be sent, together with the Objections, to the other House, by which it shall likewise be reconsidered, and if approved by two thirds of that House, it shall become a Law. But in all such Cases the Votes of both Houses shall be determined by Yeas and Nays, and the Names of the Persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the President within ten Days (Sundays excepted) after it shall have been presented to him, the Same shall be a Law, in like Manner as if he had signed it, unless the Congress by their Adjournment prevent its Return, in which Case it shall not be a Law.

Every Order, Resolution, or Vote to which the Concurrence of the Senate and House of Representatives may be necessary (except on a question of Adjournment) shall be presented to the President of the United States and before the Same shall take Effect: shall be approved by him, or being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the Rules and Limitations prescribed in the Case of a Bill

## SECTION 8

The Congress shall have Power To lay and collect Taxes, Duties, Imposts and Excises, to pay the Debts and provide for the common Defence and general Welfare of the United States; but all Duties, Imposts and Excises shall be uniform throughout the United States;

To borrow Money on the credit of the United States

To regulate Commerce with foreign Nations, and among the several States, and with the Indian Tribes;

To establish an uniform Rule of Naturalization, and uniform Laws on the subject of Bankruptcies throughout the United States;

To coin Money, regulate the Value thereof, and of foreign Coin, and fix the Standard of Weights and Measures;

To provide for the Punishment of counterfeiting the Securities and current Coin of the United States,

To establish Post Offices and post Roads;

To promote the Progress of Science and useful Arts, by securing for limited Times to Authors and Inventors the exclusive Right to their respective Writings and Discoveries;

To constitute Tribunals inferior to the supreme Court;

To define and punish Piracies and Felonies committed on the high Seas, and Offences against the Law of Nations;

To declare War, grant Letters of Marque and Reprisal, and make Rules concerning Captures on Land and Water;

To raise and support Armies, but no Appropriation of Money to that Use shall be for a longer Term than two Years;

To provide and maintain a Navy;

To make Rules for the Government and Regulation of the land and naval Forces;

To provide for calling forth the Militia to execute the Laws of the Union, suppress Insurrections and repel Invasions;

To provide for organizing, arming, and disciplining, the Militia, and for governing such Part of them as may be employed in the Service of the United States, reserving to the States respectively, the Appointment of the Officers, and the Authority of training the Militia according to the discipline prescribed by Congress;

BACK

At present a request for density output cards in a densitometric computation run yields density cards corresponding to densitometer densities. If the test code used involves E.N.D. conversions, the density output cards may be run through a separate conversion program to correspond[illegible] corresponding to individual strips are punched [illegible] desired.

I propose that [illegible] density card output is requested plotted densities are p[illegible] If the [illegible] those [illegible] would simply be the average densities. If the test code calls for E.N.D. conversion, I would be the E.N.D. densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971.

**Ingredient Info:**
Shichimi togarashi, a Japanese red-pepper seasoning mix, can be found at Japanese markets and in the Asian foods section of some supermarkets.

**Read More: 25 Ways to Use Sriracha**

**Preparation:**
Bake the ribs: Preheat oven to 350°. Arrange a double layer of foil on a rimmed baking sheet so foil hangs over sides. Place a large sheet of parchment paper on foil. Season ribs all over with 1 1/2 Tbsp. salt and pepper.

Place 1 rack of ribs, bone side up, on parchment. Arrange sliced lemon, rosemary sprigs, and sliced garlic over. Lay remaining rack over bone side down, creating a pocket between the racks. (The seasonings in the center will infuse the meat as it bakes.)

Cover ribs with another sheet of parchment; crimp edges to seal. (The parchment seals in flavor and prevents the acid from the lemons from reacting with the foil.) Wrap ribs tightly with foil to form a tight seal (use extra foil, if necessary, to completely enclose ribs, and crimp edges together to tightly seal)

Bake ribs for 1 1/2 hours. Remove from oven and let rest at room temperature, still sealed in foil, for 1 hour. (Do not open; ribs will continue to cook and become tender.)
Carefully open foil. Transfer ribs to a platter or another baking sheet, discard lemon slices and rosemary sprigs. Pour pork juices into a measuring cup. Add water if needed to measure a scant 1 cup. **DO AHEAD:** *Ribs can be made 3 days ahead. Wrap in foil and chill. Cover and chill juices separately.*

Bring reserved pork juices, mashed rosemary, grated garlic, 2 Tbsp. lemon juice, and lemon zest to a simmer in a small saucepan over medium-high heat. Whisk cornstarch and 1 Tbsp. water in a small bowl for slurry. Whisk slurry into juices to thicken (the glaze should just coat the back of a spoon). Season glaze with salt and pepper and more lemon juice, if desired. **DO AHEAD:** *Glaze can be made 3 days ahead. Cover and chill. Gently rewarm before using.*

Preheat broiler. Line a rimmed baking sheet with foil. Cut between bones to separate ribs. Transfer ribs to prepared baking sheet and broil, turning occasionally, until beginning to brown and crisp, about 10 minutes. Remove from oven and brush with room glaze. Sprinkle with scallions and shichimi togarashi.

East Side taken from up high *(standing on the bench at the south end)*

One thing that can sort of be seen here is just how high the drill press is on the home made mobile base. The base adds 6" to the height and I don't like that. I am thinking of a base design that only adds a couple of inches and might get around to trying it soon

The General International roller stand that is just in front of the drill press is very handy and can quickly be converted for use with the table saw, the hand saw, the jointer, the planer, and the Festool Multi Function Table (MFT)

On the left side of the photo observe the MFT. If necessary this table can be folded and put away or taken to an off site job. Underneath the MFT is a mobile shop cart that is used in many ways. One of these ways is as a base to support the Ridgid oscillating sander as in the picture to the left below

Another use is simply as a work table as in the picture to the right above

S. Main Street in Philippi. Volunteers are needed to help with various tasks, including, but not limited to: checking in produce that is dropped off by the growers; getting produce properly displayed on shelves and in coolers; constantly produce condition; assisting customers; running the cash register; keeping the market areas clean. The market's coffee and donut shop areas also need help with making donuts (a task for those early risers); making and serving coffees, teas, and specialty drinks; and dish washing and routine clean up.

**Summer Feeding Program** this summer Heart and Hand House is partnering with the Philippi Library for a summer feeding program. We will be providing free lunches to children from 11:30 a.m. to 12:30 p.m., Monday-Friday, at The Market Place, beginning Monday, June 27 through Friday, July 17. We need a couple volunteers each day to hand out lunches and keep an eye on the children while they eat. Food is provided, ready to eat, so there is no preparation required. If you can help – whether it's for multiple days, one day a week, or even just a few hours a day – your assistance would be greatly appreciated. Please contact the Heart and Hand House office at 304-457-1205 for more information on times as up as a volunteer. We can't do what we do without you.

**TEC** – **"North Central West Virginia Teens Encounter Christ** invites everyone ages 16-24, to spend three days on a retreat that will change your life. From July 16-20, 2015 at Immaculate Conception Church, Fairmont, WV. Cost $250 but don't let the expense keep you away. Financial assistance is available. Come over and spend some time talking and learning about faith with people your age. Questions? Please contact John Yaquinto 304-838-1977, Becky DeWitt 304-657-2357 or Marge McCawley 304-376-4108. For registration information email: cyndie@wvtec.com. Applications can be found on the lobby

**--"Looking for some Catholic community?** All Catholic young adults between the ages of 18 and 30 are invited to attend an Ice Cream Social on Sunday, July 5 at 7:00 PM located at All Saints' Catholic Church in Bridgeport. Twenty five year old, newly ordained Deacon Brian Learwidge will give a talk on the importance of being young and Catholic, followed by a discussion. Please note that this event is not just for singles. Hope to see you there! (And if you know anyone who may be interested, please help spread the word!)

Just as the apostles in today's gospel were amazed at the power of Jesus so too children are amazed at our lack of fear of dark rooms or monsters in closets or in the hall. As the apostles depended on Jesus children depend on us to restore quiet to their lives. Setting out of bed at night to quell anxieties forms us the stuff of holiness.

# Rejuvelac

**Rejuvelac is a fermented beverage that is inexpensive, easy to make, refreshing to drink and FULL of wonderful nutrients for your body. A healthy probiotic, it also has vitamins B, K and E, proteins, and enzymes. It is beneficial to your digestive system, promoting a healthy intestinal environment. It is also a great starter for raw nut cheese!**

**How to make Rejuvelac.**

1. Start with one cup soft wheat berries (pictured). You can also use rye, quinoa, buckwheat, or other grains. Wheat, rye and quinoa seem to make the best rejuvelac.
2. Soak the grain for 24 hours. Drain off water and rinse two to three times a day until little sprout tails appear.
3. Place sprouted grain in large jar. Add 4 cups water and let sit on the counter for 2-3 days.
4. You will notice that the water will get cloudy and little bubbles will start forming.
5. Taste...it should taste clean and fresh with a hint of lemon. Strain the rejuvelac off of the wheat berries and store in covered glass container in the refrigerator. It will keep for at least a week, just make sure it still smells and tastes fresh. You can reuse the wheat berries to make a second batch. It will only take a day.

## Step 3 Make a Test Call Using OBiTALK

At any time, you may place a test call to the OBi Number below

**OBITALK Test No**

**Dial **9 followed by 222 222 222**

Your OBi is ready to make FREE calls to other OBi endpoints using the **OBiTALK** network. On the bottom of your unit, you will see a 9-digit OBi Number. This is **your** OBi Number. Give this number to your friends, family and colleagues so they can call you from their OBi device or using the OBiON iPhone and Android apps for smart phones.

To use the **OBiTALK** network, all you have to do is install your OBi, pick up the phone and then call your friends by dialing **9 and **their** n-ine-dig-it OBi Number

## Step 4 Set-Up an OBiTALK Account Then Add Your OBi to the Account

Go to **www.obitalk.com**

Register for an OBiTALK account.
This will allow you to easily activate devices and add any commercial VoIP services used with your OBi.

www.obitalk.com

The first time you log-in to OBiTALK, a pop-up window will appear allowing you to add your device.

Click "Yes" to add Your OBi Device to the OBiTALK Dashboard. After adding your device, you will be able to set-up voice services and other configuration information. Multiple devices may be added to a single account.

Follow the on-screen instructions to add your OBi device to your OBiTALK account.

Once added, you will be directed to the Device Configuration page
- Set your OBi display name, time zone, and daylight savings values
- Select the "Save Changes" button

## Step 5 Set-Up VoIP Services

After you register and add your OBi device at www.obitalk.com, the OBi Device Configuration page will help you set up commercial VoIP services such as the Google Voice® communication service.

Do this by selecting the **Google Voice Set-Up** button. You may also select from any one of the other listed service providers. If your service is not there, you may use the Generic Service Provider option.

Generally, all you will need to set-up a service is the User Name and Password for the service.

Note: You will need to choose what phone port is to be used with the selected service. By default, both phone ports – Phone 1 & Phone 2, will work with the first service you initially configure on you OBi202

**How to Get Support & Learn More**

Visit our Web Site at www.obitalk.com/support.html

Here You Will Find:

- Frequently Asked Questions
- Support Forum - Get a Question Or Comment? Post It at the Forum
- Tutorials, Tips & Wikinus – Learn About & Get the Most from Your OBi
- Downloads & Documentation – OBi Training & Datasheets
- Contact Support at **support@obitalk.com** - Please Provide Your OBi Number

## Compliance & Safety Information

**For Indoor use only.** Read installation instructions before connecting to a power source. The electric plug is useful must be accessible at all times as it is the main method to disconnect power from the device. Shock Hazard: Do not operate near water or during fault. Do not work with this device during periods of lightning activity. Do not touch wires or end of the phone cables or inside sockets.

**Equipment.** Only an analog telephone or fax machine should be connected to the OBi PHONE port. Do not connect a cable from this PHONE port to a telephone line scheme. By the phone company. Doing so may cause damage to the OBi equipment.

This equipment has been tested & found to comply with a Class B digital device in equipment. Meet the specifications of the FCC rules. This product bears the CE marking indicating compliance with the 89/336/EEC directive

CE FC

**How to Restore a Factory Reset:**
1. Power on the OBi device.
2. Locate the Factory Reset button (either on the rear of the OBi 2) in a circular hole (a little larger than the others) just to right and to the left of the Model ID on the bottom label.
3. Using a paper clip or similar instrument, depress the button inside the hole for 15 seconds.
4. The Power LED will flash red. This indicates you have entered the button mode. The unit can be reset to its factory defaults.

**Use Device Interview Web Page attached**
1. From a phone attached on the OBi dial **9 to access the OBi config interview
2. Review & to keep the IP address of the OBi.
3. Enter the OBi IP address in a local PC browser keep this address window:

4. When prompted, enter **admin** for username & **admin** for password.

## How to delete quarantined files from ned32?

The quarantine conta ns backups of files that have been detected, cleaned or removed by your ESET security product. To remove these backup files from your computer, follow the step-by-step instructions below. Open the main program window by clicking the icon in your Windows notification area or by clicking Start → All Programs → ESET → ESET Smart Security or ESET NOD32 Antivirus

Toggle to Advanced Mode by clicking Toggle Advanced mode in the lower left corner or by pressing CTRL + M on your keyboard

Click Too s → Quarantine. Right-click the desired file and click Remove

## Cannot see bottom half in Feisty installation

I'd guess that it just gave you a bad resolution to start with. When I used the live CD first I could barely see either panel. Just change the resolution and you should be good to go

If you hold the Alt key you can move windows around from any point in the window, not just the title bar. So if you can't get higher resolution during the install you can at least move the window around the screen to access all buttons etc

This is a test fax from Spicy while @ Michigan Hospice using the FAX Printer set up on Raven's workstation. Please email me back on success of this fax please

Thank you

# Food Allergy Trials in Dogs

Authored by: Dr. Donna M. Raditic, DVM

## VP Client Information Sheets

**Objectives**

1. What are some of the signs of a food allergy?
2. How does your veterinarian select a diet for a food allergy trial?
3. What diets are currently available for a food allergy trial?
4. What pitfalls can occur during a food allergy trial?

**What Signs can be seen with a Food Allergy?**

A food allergy is a reaction to food that involves the body's immune system. It is usually always a protein particle in the food that is responsible for reactions. Your dog may itch, lick, and chew paws, flank, groin, neck, and ears. The itching can be during all seasons. A small percentage of food allergy dogs may only have chronic otitis. The dog may also have some gastrointestinal signs such as chronic vomiting, diarrhea, belching, and frequent bowel movements. Food allergy dogs often have both very mild degrees of skin signs and gastrointestinal problems that persist.

Thank you for choosing Brother; your support is important to us and we value your business. Your Brother product is engineered and manufactured to the highest standards to deliver reliable performance, day in and day out.

Please read the *Product Safety Guide* first before you set up your machine. Then, please read the *Quick Setup Guide* for the correct set up and installation.

Visit us at http://www.brother.com/ for FAQs, product updates and more.

Item (color) and Brother part number may vary depending on your country.

The box you purchased should contain the following items. If anything is missing or damaged, contact your Brother dealer or Brother Customer Service.

| | |
|---|---|
| **WARNING** | WARNINGS tell you what to do to avoid possible personal injury. Some warnings tell you when people are likely to be hurt by a product if they do not follow the warning. |
| **CAUTION** | CAUTIONS specify how to respond to a potentially hazardous situation that, if not avoided, may result in minor or moderate injury. |
| **IMPORTANT** | IMPORTANT notes tell you how to respond to a situation that may cause damage to property or loss of product functionality. |
| **NOTE** | Notes tell you how you should respond to a situation that may arise or give tips about how the operation works with other features. |

## 1 Unpack the machine and check the components

- Most of the illustrations in this Quick Setup Guide show MFC-J870DW.
- The box you purchased may differ depending on your country.

## WARNING

Plastic bags are used on the packing of your machine. Plastic bags are not toys. To avoid the danger of suffocation, keep these bags away from babies and children and dispose of them correctly.

## NOTE

- Save all packing materials and the box in case you ever need to ship your machine.
- You need to purchase the cable for the interface you want to use (for USB or network connection).

**USB cable**

We recommend using a USB 2.0 cable (Type A/B) that is no longer than 2 meters (6 feet).

**Network cable**

Use a straight-through category 5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

# Overview

Africa is the second largest of the seven continents in both size and population. Only Asia is larger. There are several ways to describe the location of the continent of Africa.

### Relative Location

*Relative location* is the location of a place in relation to another place or nearby landmarks. If someone tells you that he or she lives across the street from the post office, that is an example of relative location.

On a globe or world map, you can describe Africa's relative location in relation to other continents. You can also describe Africa's location in relation to the oceans that surround it.

### Absolute Location

The *absolute location* of a place is like its address. Lines on a map or globe called *latitude* and *longitude lines* are used to describe exact locations on Earth. Lines of latitude run parallel to the equator. Lines of longitude run between the North and South Poles. The lines are numbered, measuring distances in units called degrees. For example, Egypt's capital city, Cairo, has an absolute location of 30 degrees north latitude, 32 degrees east longitude (30°N latitude, 32°E longitude).

### Hemispheres

The absolute location of Cairo includes the letters *N* and *E*. They refer to the hemispheres in which Cairo is located. Cairo is in the Northern and Eastern hemispheres. Other parts of Africa are in the Southern and Western hemispheres. Africa is the only continent that is in all four hemispheres.

### REDIAL

Press the **Redial** soft key or ↵ to redial the most recently dialed number.

### DO NOT DISTURB

Press **DoNotDist** to prevent the phone from ringing on incoming calls. A Do Not Disturb icon appears for all lines to confirm that Do Not Disturb is enabled.

Press **DoNotDist** again to turn off Do Not Disturb.

*If Do Not Disturb is configured on the call server, then parameters may vary.*

### CALL LISTS

Press **CallLists**, followed by Call Lists and Missed Received, or Placed Calls as desired. Information on respective calls will be displayed.

**From the screen, choose the appropriate soft key:**

1. Edit to amend the contact number before dialing
2. Dial to place the call

**Or press More, then**

3. Info to view detailed call information
4. **Save** to store the contact to the Contact Directory
5. **Clear** to delete the call from the list. Press **More** and **Exit** soft keys to return to the idle display

### VOICE MAIL

The Messages Waiting Indicator on the front of the phone and individual line indicators will flash and the stutter dial tone in place of normal dial tone will sound to indicate that message(s) are waiting at the message center.

**To listen to voice messages:**

1. Press **Messages**.
2. Follow voice prompts to listen to messages.

*Voice Mail is an optional feature that must be configured on the call server. Particulars and menu options may vary.*

### SPEED DIALING

**To assign a speed dial entry, see CONTACT DIRECTORY below.**

**To dial a contact assigned to a line key, press the corresponding line key.**

## CUSTOMIZING YOUR PHONE

### CONTACT DIRECTORY

**To add a contact to your local phone directory:**

1. Press **Contacts** and then select **Contact Directory**.
2. Press the **More** soft key, then the **Add** soft key to enter another contact into the phone's database.
3. Enter first and/or last name from the dial pad. Press the ↑ **Arc** soft key to select between numeric and upper/lower case alphanumeric modes. Press the **Encoding** soft key to access special characters in other languages if necessary.
4. Enter a unique contact phone number (not already in the directory).
5. Change the Speed Dial index if desired. It will automatically be assigned the next available index value.
6. Modify as remainder of the fields (Ring Type, Do not Contact, Auto Regret and Auto Dnd) if desired.
7. Press the **Save** soft key to confirm or the **Cancel** soft key to abandon the changes, then press **Exit** or the **Exit** soft keys to return to the idle display.

*Contacts can be easily added from Call Lists. For more information see CALL LISTS section above.*

**To search for a contact:**

1. Press **Contacts** and then select **Contact Directory**.
2. Press the **More** soft key and then the **Search** soft key.
3. Using the ↑ or ↓ pad, enter the first few characters for First or Last name.
4. Press the **Search** soft key to search for contacts. Dial successful matches from the resulting search screen.

**To edit a contact:**

1. Press **Contacts**, and then select **Contact Directory**.
2. Search for contact (see above).
3. Press the **Edit** soft key and make the necessary changes.
4. Press the **Save** soft key to confirm or the **Cancel** soft key to abandon the changes, then press **Exit** or the **Exit** soft keys to return to the idle display.

### VOLUME ADJUSTMENT

Press the **VOL+/VOL-** volume keys to adjust handset, headset and hands-free speaker volume during a call.

Pressing these keys in idle state adjusts the ringer volume.

*To conform to regulatory requirements, handset and headset volume will return to a preset level after each call, but the configurations can be changed by your system administrator. Hands-free volume settings will be maintained across calls.*

### RING TYPE

**You can select different rings to match your preferences and distinguish between calls on lines.**

**To change the incoming ring:**

1. Press **Menu**.
2. Select **Settings**, followed by **Basic**, and then **Ring Type**.
3. Using ↑ or ↓ highlight the desired ring type. Press the **Play** soft key to hear the selected ring type.
4. Press the **Select** soft key to change to the selected ring type.
5. Press **Exit** or the **Exit** soft keys to return to the idle display.

*If you select Share ring, press the Line key or Answer soft key to answer incoming calls.*

## Step 3 Make a Test Call Using OBiTALK

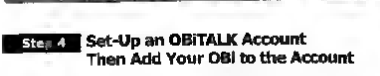
At any time you may place a test call to the OBi Number below:

**OBiTALK Test No**

**Dial **9 followed by: 222 222 222**

Your OBi is ready to make FREE calls to other OBi endpoints using the **OBiTALK** network. On the bottom of your unit, you will see a 9-digit OBi Number. This is your OBi Number. Give this number to your friends, family and colleagues so they can call you from their OBi device or using the OBiON iPhone and Android apps for smart phones.

To use the **OBiTALK** network, all you have to do is install your OBi, pick up the phone and then call your friends by dialing **9 and their nine-digit OBi Number.



## Step 4 Set-Up an OBiTALK Account Then Add Your OBi to the Account

Go to **www.obitalk.com**

Register for an OBiTALK account. This will allow you to easily activate devices and add any commercial VoIP services used with your OBi.

The first time you log-in to OBiTALK, a pop-up window will appear allowing you to add your device.

Click "Yes" to add Your OBi Device to the OBiTALK Dashboard. After adding your device, you will be able to set up voice services and other configuration information. Multiple devices may be added to a single account.

Follow the on-screen instructions to add your OBi device to your OBiTALK account.

Once added, you will be directed to the Device Configuration page.

- Set your OBi display name, time zone and daylight savings values
- Select the "Save Changes" button

## Step 5 Set-Up VoIP Services

After you register and add your OBi device at www.obitalk.com, the OBi Device Configuration page will help you set up commercial VoIP services such as the Google Voice™ communication service.

Do this by selecting the **Google Voice Set-Up** button. You may also select from any one of the other listed service providers. If your service is not there you may use the Generic Service Provider option.

Generally, all you will need to set-up a service is the User Name and Password for the service.

# 5 Big Risks to Your Retirement

Fidelity Viewpoints • June 22, 2010

**Use these rules of thumb to help protect your savings and income.**

If you're retiring this year, already retired, or nearing it, it's important to think about protecting what you've saved and help ensure your income needs are met throughout retirement. Here are five rules of thumb to keep in mind now—and throughout retirement.

**1. Plan for rising health care costs.**
With longer life spans, medical costs that are rising faster than general inflation, and rising retiree medical coverage by private employers and possible funding shortfalls ahead for Medicare and Medicaid, managing health care costs can be a critical challenge for retirees.

According to Fidelity's annual Retiree Health Care Costs Estimate, a 65-year-old couple retiring in 2010 will need more than $250,000 to cover health care costs during their retirement—or roughly $6,250 per person per year. And that's just using life expectancy data—many people will live longer and have higher costs. Since Fidelity started the annual estimate in 2002, estimated costs have risen by 56%. That cost doesn't include [illegible] (LTC) expenses. About 70% [illegible] age 65 will require some type of LTC services—either at home or in adult day care, an assisted living facility or a traditional nursing home.[1] The average private-pay cost of a nursing home is about $70,000 per year and exceeds $100,000 in some states. Assisted living facilities average $34,000 per year. Hourly home care agency rates average $44 for a Medicare-certified home health aide and $19 for a licensed non-Medicare-certified home health aide.[2]

**Consider** earmarking a portion of savings for health care and purchasing long-term care insurance. The cost is based on age, so the earlier you purchase a policy, the lower the annual premiums.

Help budget your health care costs in retirement with our **Retirement Income Planner**.

# Test Print

This printer is now ready for printing.

After this, Quick Menu opens automatically.

Quick Menu is a shortcut menu that lets you access functions you want to use with one click. You can access CREATIVE PARK PREMIUM, the Online Manual, etc.

* The screen display varies depending on your printer.

## CREATIVE PARK PREMIUM

You can download popular characters or artwork of famous artists and print them.
**CREATIVE PARK PREMIUM is a premium content service available exclusively to customers who use genuine Canon ink for all colors.**

## Online Manual

The Online Manual is an instruction manual on the website. It contains the latest information needed for operations such as printing. You can also use it for troubleshooting when problems arise.

* An Internet connection is necessary.

## We Recommend Using Canon Genuine Inks

Canon genuine consumables (inks / printing paper) are developed especially for Canon ink-jet printers. We recommend using Canon genuine consumables to maintain printer performance and ensure consistency.

processed within 2 business days. If declined, applicant will receive a denial letter in the mail after notification via phone or email.

**If you know of credit issues, each applicant is encouraged to write a short explanation as to the nature of the credit fault (short sale, unemployment, foreclosure, medical, etc.). Primary criteria used in qualifying prospective tenants are:

- 600 FICO minimum
- Dependable/verifiable rental history
- Applicant gross income to be a minimum of 3 times monthly rent

If applicant does not meet the standard requirements, an additional security deposit may be requested up to triple the amount of the monthly rent. In some cases, depending on the strength of the application, tenant may not be approved regardless of additional deposit. Property owner will have the final decision in the approval process.

**Approval**

The applicant / co-applicant agrees to submit a deposit equal to one month rent within 24 hours of approval to take the property off the market and to execute a lease agreement. Said deposit is to be paid in certified funds payable to RE/MAX Advantage. All remaining move-in funds will be submitted at time of key pick up. This deposit is non-refundable until the completion of the agreed lease term. Should applicant decide to not rent the property after submitting the deposit, the deposit will be retained by the owner as administrative expense.

**Security Deposits**

Any balances for Security deposits, Cleaning deposits, Keys/remotes deposits, Pet deposits are all required at time of key pickup in certified funds. These deposits may vary from property to property per agreement with each owner. Return of deposits are per each lease and may be fully refundable if the property is in as good or better condition upon vacancy.

***RENT MOVE-IN FUNDS MUST BE SEPARATE FROM ANY SECURITY DEPOSITS***

Initial _____ Initial _____ Tenant will be required to have property mailbox rekeyed upon move-in. RE/MAX Advantage does not accept return of mailbox keys from tenants. USPS.gov will provide the nearest post office to obtain keys for respective mailboxes.

Initial _____ Initial _____ Proof of Renter's insurance will be required at time of key pick up.

**Pets**

Pet approval and breed are the decision of the property owner. A separate application for a pet must be submitted. Pet deposits apply per pet. Applicant understands there may be a several penalties for failure to disclose a pet prior to occupancy. Service/assistance animals are excluded.

DiskWarrior has successfully built a new optimized directory for the disk named "LaCie 250." The new directory is ready to replace the original directory.

All file and folder data was easily located.

Comparison of the original and replacement directories indicates that there were changes to the number, the content and/or the attributes of the files and folders. It is recommended that you preview the replacement directory and examine the items listed below. 2 files and folders were compared and a total of 3,719,922 comparisons tests were performed.

- Errors, if any, in the directory structure such as tree depth, header node, map nodes, node size, node counts, node links, indexes and more have been repaired.

- 1 file had a duplicate ID that was repaired.

- Catalog values in the Volume File not in agreement were incorrect and were repaired.

- 2 files had a Creation Date that changed.

# CancerTYPE ID — Molecular Classification with CancerTYPE ID

**FFPE Tissue Processing & Tumor Enrichment**

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

**Gene Expression Profiling**

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

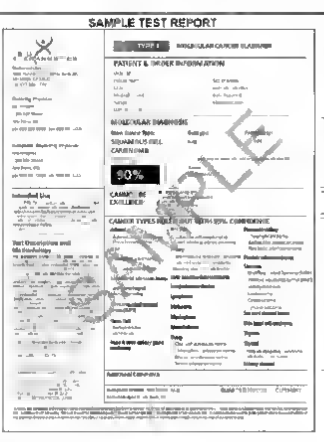
**Reference Tumor Database & Algorithm**

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

**Molecular Classification**

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

## SAMPLE TEST REPORT



## Interpreting CancerTYPE ID Test Results

**MOLECULAR DIAGNOSIS**

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subtypes. It is reported probability (≥ 80%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out (see below) that cannot be excluded.

**CAN NOT BE EXCLUDED**

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here in rank order.

**RULE OUTS**

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.

# Form W-4 (2011)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2011 expires February 16, 2012. See Pub. 505, Tax Withholding and Estimated Tax.

Note. If someone can claim you as a dependent on his or her tax return, you cannot claim exemption from withholding if your income (earned or unearned) and income more than $900 of unearned income (for example, interest and dividends).

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet below. The worksheets on page 2 further direct your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earners/multiple jobs situations.

Complete all worksheets that apply. However, you may claim fewer (or zero) allowances. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependents or other qualifying individuals. See Pub. 501, Exemptions, Standard Deduction, and Filing Information, for information.

Tax credits. You can take projected tax credits (for example, the child tax credit) into account in figuring your withholding allowances. However, tax credits for child or dependent care expenses and the child tax credit may be claimed using the Personal Allowances Worksheet below. See Pub. 919, How Do I Adjust My Tax Withholding, for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax. If you have pension or annuity income, see Pub. 919 to find out if you should adjust your withholding on Form W-4 or W-4P.

Two earners or more jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only two Forms W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others. See Pub. 919 for details.

Nonresident aliens. If you are a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the amount you are having withheld compares to your projected total tax for 2011. See Pub. 919, especially if your earnings exceed $130,000 (Single) or $180,000 (Married).

| C | Enter "1" for your spouse. But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.) | C |

| E | Enter "1" if you will file as head of household on your tax return (see conditions under Head of household above) | E |
| F | Enter "1" if you have at least $1,500 of child or dependent care expenses for which you plan to claim a credit (Note. Do not include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.) | F |

See Pub. 972, Child Tax Credit, for more information.<br>• If your total income will be less than $61,000 ($122,000 if married), enter "2" for each eligible child; then less "1" if you have two or more eligible children.<br>• If your total income will be between $61,000 and $84,000 ($122,000 and $119,000 if married), enter "1" for each eligible child plus "1" additional if you have six or more eligible children. | G |
| H | **Add lines A through G and enter total here.** Note. This may be different than the number of exemptions you claim on your tax return. ▶ | H |

For accuracy, complete all worksheets that apply.

- If you plan to itemize or claim adjustments to income and want to reduce your withholding, see the Deductions and Adjustments Worksheet on page 2.
- If you have more than one job or are married and you and your spouse both work and the combined earnings from all jobs exceed $40,000 ($18,000 if married), see the Two-Earners/Multiple Jobs Worksheet on page 2 to avoid having too little tax withheld.
- If neither of the above situations applies, stop here and enter the number from line H on line 5 of Form W-4 below.

Cut here and give Form W-4 to your employer. Keep the top part for your records.

**Prayer to St. Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

**Make this prayer known everywhere.**

In attention to lesting

My name is Jason, Iâ€™m working for a web development company and I'm also into freelancing projects mainly based on search engine optimization and online reputation
While I was looking for one of my client's profile online I have noticed that you could use some help managing your online presence

The online reviews have a direct and measurable impact on your practice; in fact, 97% of internet users are researching the web before making decisions. If they see anything negative - true or not (unethical competition, slander or hateful) - they will go elsewhere

While there are many companies offering alerts for the negative reviews, almost none of them are actually offering a solution for the problemâ€

I can assist you in managing the negative reviews (unethical competition, slander or hateful etc), maintain a positive feedback, creating an active defense against any misleading reviews that will eventually come and make sure that people will notice your practice and not your competitionâ€

Reviews are simply too important to ignore, especially when bad reviews(unethical competition, slander or hateful inaccurate or misleading) cost you real money

Even if you are not really interested or you donâ€™t care about the online image feel free to ask for a free online presence report or more information

Kind regards
Jason Hinton - Reputation Solutions

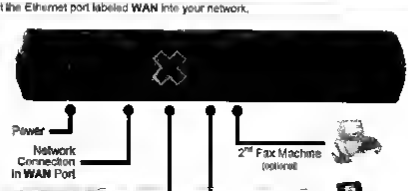
## 1 Before Installing

**Ensure that you have**

- AudioCodes Fax ATA, model MP-202B **HTTPSFAX**
- Included 12V power adapter
- Local network (LAN) with DHCP and Internet connection
- Fax machine or fax-capable MFP

## 2 Connecting the ATA

1. Connect the Ethernet port labeled **WAN** into your network.



2. Connect the telephone port labeled **PHONE 1** to the line port on your fax machine
3. (Optional) If your ATA is configured for two fax accounts, connect the telephone port labeled **PHONE 2** to the line port on your second fax machine (or second line if you have a two-line fax machine)
4. Connect the power cable to the **12VDC** port on the ATA. There is no ON/OFF (I/O) switch, so the fax ATA turns on as soon as you connect the power. The **POWER** light on the front of the ATA will turn green when the device is plugged in. If this light does not come on, please double-check your connections.
5. Wait for all 3 status lights on the front of the ATA to turn green. This could take as long as 5 minutes while the device pulls down its configuration and updates its firmware.

## 3 Check Fax Machine Settings

Remember to turn on your fax machine's success notifications. Clearfly will automatically send success or failure delivery notifications via fax or email based upon your account settings.

If you are going to be receiving faxes at your fax machine, configure the device to auto-answer by default. Some fax machines do not retain this setting after being turned off or restarted.

Transportation Energy & Alternative Fuel Vehicles

www.energyquest.ca.gov/transportation/index.html

1. What is an alternative fuel vehicle? A vehicle that runs off alternative fuels
2. What are alternative fuels? Fuels that aren't made from petroleum.
3. The United States Department of Energy officially recognizes the following eight as options of alternative fuels for vehicles.

| | |
|---|---|
| Alcohols | Liquefied Natural gas |
| Compressed Natural gas | Liquefied petroleum gas |
| Electricity | Liquids made from coal |
| Hydrogen | Biodiesel |

**Read more on! (Click on fuels to complete worksheet.)**

4. How much plant material does it take to make a gallon of gasoline? 98 lbs

Well, according to an expert – it takes 98 tons of prehistoric, buried plant material - that's 196,000 pounds is required to produce each gallon of gasoline we burn in our cars, SUVs, trucks and other vehicles, according to a study conducted at the University of Utah.

5. What fuel was used by Henry Ford to fuel his first car? Alcohol
6. Ethanol is generally made in the United States from corn. It can also be made from biomass a fancy name for Organic materials, which includes Agricultural crops and waste, plant material left from logging, and trash including cellulose (paper)
7. Natural Gas has been found to be one of the most Environmentally friendly fuels
8. It takes 12 to 24 batteries to power a electric vehicle car?
9. Most electric Vehicles today, can only go about 100 miles before you need to plug them in and recharge their batteries.
10. Fuel cell vehicles are most like what type of alternative vehicle? Rockets
11. Fuel cell powered vehicles run on Hydrogen
12. What does the word hybrid mean? Something that is mixed together from two things
13. Hybrid primary power comes from the gasoline engine, but it uses the electric motor when it is accelerating or climbing hills. The electric motor does not need an external power supply for recharging. Its batteries are recharged by regenerative braking. This means that energy from forward momentum is captured during braking. This energy is then used to recharge the batteries
14. Hydrogen is produce through electrolysis, simply splitting Water (H20) into oxygen and hydrogen by using electricity
15. Because hydrogen burns nearly pollution-free, it has been looked at as the Ultimate clean fuel

Lucky for Life Matrix Change

- First day of sales for the updated game is **September 17, 2013 - bet slips must go out on this day as well.**
- First drawing for the updated game is **September 19, 2013**
- 2nd Prize will be $25,000 a year for life (to be paid for a minimum of 20 years)!
- Lucky for Life will now be the ONLY game in the country that offers 2 Lifetime Prizes!
- Both the top prize of $1 000 a day for life and the 2nd prize of $25,000 a year for life will have a lump sum payment option available
- Point of Sale material and advertisements will highlight the 2nd prize
- Game matrix is changing to 5 out of 43 numbers and 1 out of 43 numbers
- Changes to the matrix and prizes are detailed in the new "How to Play". The "How to Play" features a new shorter size, so be mindful that you keep it in front of the play slips so players see it.
- Small reference cards were also made to go in a location near the terminal for clerks to have information on the game change at their fingertips.

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet. Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-in-One device, temporarily disconnect device from PC.

# Instructions for Schedule S

## Other State Tax Credit

### General Information

For taxes paid to another state or other January 1 2006 a claim for credit or refund of an overpayment of income tax attributable to taxes paid to another state may be filed within one year from the date tax is paid to the other state or within the general statute of limitations, whichever period expires later.

Taxpayers may qualify for a credit for income taxes paid to another state when the same income that is taxed by the other state is also taxed by California. Other state income taxes which are paid to the other state do not necessarily have to be in the same year as long as the taxes relate to the same transaction.

You must attach Schedule S (Other State Tax Credit) and a copy of your tax return(s) filed with the other state(s) to your California tax return. If you e-file, do not submit tax returns filed with other states to California. Retain a copy of other state tax returns, along with a copy of this form for your records.

Shareholders of S corporations, partners of partnerships, and members of limited liability companies (LLCs) classified as partnerships for tax purposes, see Section B, Pass-Through Entities, for more information.

### A Purpose

If you are an individual filing a California personal income tax return or an estate or trust filing a California fiduciary income tax return, use Schedule S to claim a credit against California tax for net income taxes imposed by and paid to another state or U.S. possession.

Residents of California may claim a credit only if the income taxed by the other state has a potential to be taxed by other states under California law. No credit is allowed if the other state allows California residents a credit for net income taxes paid to California.

Nonresidents of California may claim a credit only for net income taxes imposed by and paid to another state or U.S. possession.

### B Application of the Credit

Credit is allowed for net income taxes paid to another state (not including any tax computable in California's alternative minimum tax) on income that is also subject to California tax. The credit is applied against California net tax, less other credits. The credit cannot be applied against California alternative minimum tax.

When a joint tax return is filed in California, the entire amount of tax paid to the other state may be used in figuring the credit, regardless of which spouse/RDP paid the other state tax or whether a joint or separate tax return is filed in the other state.

When a joint tax return is filed in the other state and separate California tax returns are filed the credit is allowed in proportion to the income reported on each California tax return.

If after paying tax to the other state you get a refund or credit due to an amended tax return, prosecution error exist, etc., you must report the refund or credit immediately to the Franchise Tax Board (FTB). Prepare a revised Schedule S and attach it to any of the following:

- Form 540X, Amended Individual Income Tax Return, if you filed Form 540, California Resident Income Tax Return or Long Form 540NR, California Nonresident or Part-Year Resident Income Tax Return.
- Form 541, California Fiduciary Income Tax Return. If you filed Form 541 Check "Amended tax returns" box below Fiduciary address area on Side 1.

### C California Residents

California taxed individuals, estates, or trusts that derived income from sources within any of the following states or U.S. possessions and paid a net income tax to that state or U.S. possession on income that is also taxed by California may claim the other state tax credit:

Alabama (AL), American Samoa (AS), Arkansas (AR), Colorado (CO), Connecticut (CT), Delaware (DE), District of Columbia (DC), Georgia (GA), Guam (GU), Hawaii (HI), Idaho (ID), Illinois (IL), Indiana (IN), Iowa (IA), Kansas (KS), Kentucky (KY), Louisiana (LA), Maine (ME), Maryland (MD), Massachusetts (MA), Michigan (MI), Minnesota (MN), Mississippi (MS), Missouri (MO), Montana (MT), Nebraska (NE), New Jersey (NJ), New Mexico (NM), New York (NY), North Carolina (NC), North Dakota (ND), Ohio (OH), Oklahoma (OK), Oregon (OR), Pennsylvania (PA), Puerto Rico (PR), Rhode Island (RI), South Carolina (SC), Utah (UT), Vermont (VT), Virginia (VA), Wisconsin (WI).

California residents who are included in a group nonresident tax return similar to the tax return described in California Revenue & Taxation Code (R&TC) Section 18535. Not with the states listed in this section, as well as Arizona (AZ), Indiana (IN), Oregon (OR), or Virginia (VA) may also claim a credit for their share of income taxes paid to these states, unless any of these states allow a credit for taxes paid to California on the group nonresident tax return.

Attach a statement and schedules showing your share of the net income tax paid to the other state.

"A state resident is any taxpayer who is defined as a California resident under California law and a Virginia resident under Virginia law. If you are a dual resident you are allowed to claim the other state tax credit for taxes paid to Virginia or Virginia allows income from residents who are elected or appointed officials and staff as defined in R&TC Section 17014(d) may claim the other state tax credit for taxes paid to Virginia on all income taxed by Virginia whether or not it has a source in Virginia. (See Section H, Income from Sources Within the Other State.)

### D California Nonresidents

California nonresident individuals, estates, or trusts that are residents of one of the following states or U.S. possessions and paid a net income tax to that state or U.S. possession on income that is also taxed by California may claim the other state tax credit:

Arizona (AZ), Guam (GU), Indiana (IN), Oregon (OR), and Virginia (VA).

California nonresidents who are residents of any state or U.S. possession not listed may not claim this credit. This credit is not allowed on a California group nonresident tax return.

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?*

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

***PLEASE READ THE FOLLOWING BEFORE BEGINNING WORK***

THESE PROCEDURES MUST BE FOLLOWED BEFORE PAYMENT WILL BE ISSUED DUE TO CORPORATE HEADQUARTER REQUIREMENTS.
Test

Do not perform any work beyond the scope that is described on this work order. You have a DO NOT EXCEED AMOUNT OF $. If you see your amount is going to be greater than the amount we have given you, you must contact CAC Facility Maintenance, Inc. for further approval. (NOT THE STORE). The store does not have authority to authorize any DNE increases. If you go over this amount without prior approval, your invoice will be rejected for payment.

Upon completion of work, our work order (not your work order) must be signed by the manager on duty and stamped with a store stamp. This is a must! Corporate will not release payment without this document being signed off on by a manager.

In order for you to receive payment, we must have the following: our signed and stamped work order, your invoice, copy of your certificate of insurance with CAC Facility Maintenance, Inc. listed as a Certificate Holder, copy of your W-9 form. Corporate WILL NOT release a check with out these documents on file. Failure to submit the items listed above will result in non-payment.

Terms of Payment are Net 45 upon receipt of your invoice and all required documents
